JOHN H. GIBBON, JR., M.D.

DR. JOHN H. GIBBON, JR.

New Alumni Association President

DR. JOHN H. GIBBON, JR., the newly-elected President of the Alumni Association, is one of Jefferson's most distinguished graduates. As Samuel D. Gross Professor of Surgery and Head of the Department since 1956, he directs a large Department of Surgical Research supported by numerous national grants, and is in charge of the surgical instruction of medical students. As Attending Surgeon-in-Chief of the Hospital, he is in charge of the surgical ward patients and directs the training of surgical residents. As a member of the Executive Faculty of the College, he participates in the formation and implementation of educational policies. As an imaginative and brilliant investigator, he has achieved an international reputation for scientific research in many fields, and particularly for his conception and development of the heart-lung machine. The production of an instrument which can successfully and safely bypass the heart has been the means of restoring a very large number of cardiac invalids to health and to a normal life expectancy.

Dr. Gibbon, the son of Dr. John H. Gibbon, Professor of Surgery at Jefferson 1907-1931, was born in Philadelphia. He attended Penn Charter School, Princeton University and graduated in Medicine from Jefferson in 1927. He served an internship at the Pennsylvania Hospital, followed by two years of surgical research work at the Massachusetts General Hospital in Boston with Dr. E. D. Churchill. It was here that the earliest experiments on the possibility of artificial cardiac bypass were instituted in 1934. In 1936, Dr. Gibbon returned to Philadelphia as a Harrison Fellow of Surgical Research at the University of Pennsylvania. In 1942 he left with the Pennsylvania Hospital Army Unit for service in the Southwest Pacific. Upon his discharge from the Army in 1945 with the rank of Lt. Colonel, he returned briefly to the University of Pennsylvania and then came to Jefferson in 1946 as Professor of Surgery and Director of Surgical Research.

Dr. Gibbon is a member of over 20 medical societies, in many of which he has been an officer. He is a past President of the American Surgical Association, the Heart Association of Southeastern Pennsylvania, the Philadelphia Academy of Surgery, the Society of Clinical Surgery and the Laennec Society of Philadelphia. He has been a member of the Editorial Board of the *Annals of Surgery* since 1947, and served as its chairman for ten years. He was a member of the Board of Health of the City of Philadelphia from 1952-1958. He is presently Vice-President of the American Association for Thoracic Surgery, a member of the Council of the College of Physicians of Philadelphia, the Board of Governors of the American College of Surgeons, the Committee on International Exchange of Persons, Advisory Committee on Research on the Therapy of Cancer of the American Cancer Society and the Conference Committee on Graduate Training in Surgery. He is Consultant in Surgery to the Veterans Administration Hospital and to the Pennsylvania Hospital.

Dr. Gibbon has received many awards and honors in recognition of his outstanding research achievements. Among these, particular mention should be made of the following: John Scott Award, City of Philadelphia, 1953; Rudolph Matas Award in Vascular Surgery, Tulane University, New Orleans, 1958; Sc.D. (Honorary), University of Buffalo, 1959; Distinguished Service Award, International Society of Surgery, 1959; Honorary Fellow, Royal College of Surgeons, London, 1959. He is the author of about 100 scientific articles and chapters in surgical textbooks.

In 1931 Dr. Gibbon married Mary Hopkinson, daughter of Charles Hopkinson, the well-known artist, of Boston. They have four children. Dr. Gibbon lives in a lovely old farm house in Media. His hobbies are tennis, chess and oil painting.

Alumni Attend Graduate Assembly, Annual Business Meeting and Dinner-Dance

Several new features added much to the success of this year's Graduate Assembly program. All of the meetings for the three day period, with the exception of the Clinico-Pathological Conference and the Surgical Clinic, were held on the 19th and 20th floors of the Warwick Hotel.

Registration took place in the Walnut Room, which also

served as a meeting place for the alumni and for those wives who accompanied many of them.

The meetings were held in the Washington Room, which was most spacious and comfortable, while the luncheons and the breakfast seminar were in the Adams Room on the floor above, to which a stairway gave access. The exhibits were placed in the foyers and in smaller room on both floors, where they were displayed to advantage.

SODEMAN, M.D., BRANDON BARRINGER, BURGESS L. GORDON, M.D., WILLIAM W. BODINE, JR., R. BRUCE NYE, M.D., ELLSWORTH R. BROWNELL, M.D.

(above) Guests at Dean's Luncheon Enjoy Both Good Conversation and Good Food.

(right) Visitors Inspect one of the Many Interesting Scientific Exhibits.

A breakfast seminar was added to the program this year and was well received. Each of twelve tables was headed by a faculty member who led discussion in his particular specialty. Comments from those attending indicated that the alumni enjoyed this intimate contact with faculty personnel.

Each morning there was a recess in the program during which coffee and pastries were served and time was given for visiting the exhibits.

The three day program was opened on Wednesday morning with short welcoming remarks by President Bodine, Dean Sodeman and Dr. De Palma, President of the Alumni Association.

Following the Wednesday morning session, Dean Sodeman entertained the alumni at luncheon. Mr. Barringer, Mr. Large and Solis-Cohen, Esquire, members of the Board of Trustees, were also present at the luncheon, as were President Bodine, Mr. Eglin, Dr. Nye, Dr. Browneller and Dr. Conly. Dr. Burgess L. Gordon, of the Lovelace Foundation, was in Philadelphia and was able to fit the luncheon into his busy schedule.

After the Clinico-Pathological Conference and the Surgical Clinic, which were held in the Amphitheatre of the Hospital, there was a cocktail party and fashion show for the doctors and their wives in the Adams Room of the Warwick.

(above) DR. MARTIN J. SOKOLOFF, second from left, Headed One of the Tables at the Breakfast Seminar. In the Background can be seen the Table headed by DR. DePALMA.

The Annual business meeting and dinner-dance were held on Thursday evening in the Ballroom of the Warwick. Cocktails were served in the foyer and the guests enjoyed the music of a strolling accordionist. At 7:30, when the alumni and their wives had been seated at the tables which

were arranged in cabaret style in the Ballroom, Dr. De Palma conducted the business portion of the meeting.

He introduced those seated at the speakers' table: Dr. and Mrs. Sodeman, Dr. and Mrs. Gibbon, Dr. and Mrs. Livingood and Dr. and Mrs. Nye, and after a few words

from Dr. Sodeman, Dr. Gibbon and Mrs. Gibbon, the President proceeded with the business of the meeting.

The reports of the various committees for the year past had been circulated and were not read. Dr. De Palma, in the absence of Dr. Carroll R. Mullen, Chairman of that Committee, gave a brief report on the status of Annual Giving,

(a full report will be seen on page 18 of this issue of the Bulletin), and Dr. Thaddeus L. Montgomery read the Necrology list. A moment of silence was observed in memory of those alumni whose deaths had been reported during the past year.

Dr. Theodore R. Fetter, Chairman of the Nominating

Committee, then read the slate of officers and members of the Executive Committee for the coming year. The nominations were unanimously accepted and the new officers are as follows: President—Dr. John H. Gibbon, Jr.; President-Elect—Dr. John B. Montgomery; Vice-Presidents—Dr. Benjamin F. Haskell, Dr. John Cheleden, Dr. Leandro M. Tocantins, Dr. John J. O'Keefe; Treasurer—Dr. Herbert A. Luscombe; Recording Secretary—Dr. Paul A. Bowers; Corresponding Secretary—Dr. J. Wallace Davis.

There was no old business to come before the meeting and under new business Dr De Palma announced the following dates: Black and Blue Ball—March 18, 1960; Clinics—June 15 and 16, 1960; Alumni Dinne:—June 16, 1960; Commencement—June 17, 1960; A.M.A. Meeting—Miami, Florida—June 12 to June 18, 1960.

He then presented the incoming President, Dr. Gibbon, with the gavel and turned the meeting over to him. Since there was no additional business to be considered, Dr. Gibbon declared the meeting adjourned.

Guests enjoyed a delicious dinner followed by dancing to an excellent orchestra for the remainder of the evening.

DEATHS REPORTED SINCE THE LAST ANNUAL BUSINESS MEETING FEBRUARY 4, 1959

"ALUMNI'S AIMS"

Successive, fleeting years keep rolling in —
Grim combers from the past's forgetful sea —
Relentlessly erasing memories
Of missing groups which with us used to be,
So let's commemorate these fading names,
And have alumni's strong, trustworthy hands
Refresh remembrances of every class
By tracing them anew upon time's sands.

Jefferson Medical College and Lovelace Foundation to be Associated in Medical Education and Research

The Jefferson Medical College recently announced arrangements for "association with the 12-year-old Lovelace Foundation for Medical Education and Research in Albuquerque, New Mexico, for their mutual advancement in the fields of medical education and research."

The announcement was made by William W. Bodine, Jr., President, after he and his staff conferred with Dr. William R. Lovelace, President and co-founder of the Lovelace Foundation, and his staff. Dr. William A. Sodeman, Dean, and Dr. Burgess L. Gordon, Director of Medical Education at Lovelace, charted the "areas of association."

"While there are wide possibilities for mutual benefit, Jefferson is happy to make available the multiple advantages of the academic program of a medical college and a faculty of over 700," Dean Sodeman stated.

"We hope to help Lovelace expand its fellowship and graduate student program (advanced training for doctors), and we can exchange information on our research projects on which we expend nearly a million dollars a year.

"Jefferson particularly welcomes the experience the Lovelace Foundation offers us in space medicine and blast biology," Dean Sodeman pointed out.

"This Foundation conducted a vital phase of the physical examinations of the seven men selected as astronauts by the

National Aeronautics and Space Administration. One of these seven pioneers will ride project Mercury's space capsule beyond the range of gravity, in what laymen call a 'trip to the moon.'

"Dr. Lovelace's position as chairman of the Life Science Committee of the National Aeronautic and Space Administration indicates both his professional standing and the reputation of his non-profit foundation space medicine. Some of the experiments conducted at Lovelace Foundation since it was established in 1947, are still highly classified.

"The areas of association will be activated in co-operation with Dr. Gordon, '19, who is also president of the American College of Chest Physicians. This distinguished medical educator and I believe that the program will cover increasingly wide fields.

"Generally, there will be five trips yearly to Jefferson by leading authorities at Lovelace who will serve as visiting lecturers here, and we, in turn, will assign five distinguished faculty members to Lovelace for a parallel program.

"Jefferson offers the degrees of M.S. and Ph.D. in the basic medical sciences and in the clinical fields. It will now be possible for some of our candidates for those degrees to take a part of their work at Lovelace, be credited by us and return to Jefferson for their degrees. This institution can thus broaden the areas for these degrees.

(above) **BURGESS L. GORDON, M.D.**

**Class of 1919
Director of Medical Education
At Lovelace Foundation**

"Jefferson seniors can also benefit by the association. Our senior class operates on a year-round schedule, with four-fifths of the class always on campus and one-fifth always on a 10-week vacation period. It is expected that many seniors will avail themselves of the extern training possibilities at Lovelace Foundation during their vacation leaves.

"This association marks an important step in which both institutions can share physicians, scientists and facilities and enrich their contribution to medical education and advancement of medical knowledge."

Jefferson Purchases Building for Cardeza Research Headquarters

William W. Bodine, Jr., President, announced that the Jefferson Medical College has purchased the two-story block-deep building extending from 1016-18 Chestnut to 1015-17 Sansom, excepting for the first floor of the Chestnut Street wing which is occupied by stores. This was the first step in the development of a new half million dollar research headquarters for the Charlotte Drake Cardeza Foundation. This Foundation, which researches in the wide

field of blood, has been a tenant on the first floor of the 1015-17 Sansom Street wing where it operates its blood bank. This Sansom Street building is across the street from the main Jefferson Medical Center and the entrance to the Cardeza Foundation Laboratory, when completed, will remain on Sansom Street. Elements and units of the Foundation's operations now distributed throughout the Jefferson Medical Center will be centralized in the new headquarters.

"In this project, for which the funds were provided by a generous anonymous donor, the Cardeza Foundation will concentrate and expand its research facilities," Mr. Bodine said. "This is another step in our ever-expanding research. We expect the research center to be equipped and ready for full operation by mid-1960."

The depth of the building Chestnut to Sansom Street is 230 feet and the width is 53 feet. The total purchase makes available for the research center 21,200 square feet. The property was purchased from Mary E. McWilliams for \$165,000.

When the new headquarters are completely equipped, research will proceed under Dr. Leandro M. Tocantins, Thomas Drake Martinez Cardeza Professor of Clinical Medicine and Hematology in the Department of Medicine. Dr. Tocantins has been conducting research in blood diseases for nearly thirty years.

Dr. Leandro M. Tocantins named Thomas Drake Martinez Cardeza Professor of Clinical Medicine and Hematology

Dr. Leandro M. Tocantins has been appointed Thomas Drake Martinez Cardeza Professor of Clinical Medicine and Hematology in the Department of Medicine by the Board of Trustees of The Jefferson Medical College and Hospital.

Except for his pre-medical training at Cornell University (1919-1922) and internship (1926-1927) at Chestnut Hill Hospital and for three years of general practice in Cleveland, Ohio, Dr. Tocantins has been associated with The Jefferson Medical College and Hospital continuously since 1926 when he received the degree of Doctor of Medicine.

From 1930 to 1937 he was the J. Ewing Mears Research and Teaching Fellow of the Department of Medicine. He subsequently became an Associate, Assistant Professor, Associate Professor of Medicine, Professor of Clinical and Experimental Medicine, Director of the Charlotte Drake Cardeza Foundation for Research and Diseases of the Blood, and now the Thomas Drake Martinez Cardeza Professor of Clinical Medicine and Hematology.

LEANDRO M. TOCANTINS, M.D.

From 1914 to 1954 he was Physician to the Pennsylvania Hospital. He was Physician to the Pennsylvania Hospital when Head of the Department of Hematology of that institution. Other positions held include Consultant in Hematology to the United States Naval Hospital, Philadelphia, member of the Sub-Committee on Blood Coagulation of the National Research Council, Consultant in Hematology, National Clinical Center, Bethesda, Maryland, member of the Hematology Study Section, National Institutes of Health. He consistently contributes to journals of Internal Medicine and Blood. He is the author of a textbook of coagulation. He is a member of the Editorial Board of Blood, of the Journal of Hematology as well as the American Journal of Physiology. He was a director of the Postgraduate Institute of the Philadelphia County Medical Society.

He has been chairman of the Section of Medicine for the College of Physicians of Philadelphia from 1946 to 1948 and he was Secretary of the College from 1949 to 1957.

He has been vice-president of the International Society of Hematology. He is a member of the American Association for the Advancement of Science, the American College of Physicians, the American Medical Association, the American Physiological Society, the American Society for Clinical Investigation, the Pennsylvania State Medical Society and the Philadelphia County Medical Society, the Société d'Hématologie Française, and the Society for Experimental Biology and Medicine. He is interested in the National Blood Club of which he was president from 1956 to 1957, the Pen and Pencil Club and the University Club. He is a member of the Alpha Omega Alpha Honorary Fraternity and the Phi Chi Fraternity.

Dr. and Mrs. Tocantins make their home at 135 S. 18th Street, Philadelphia, Pennsylvania. They have two sons; Dr. Ronald Tocantins, Resident in Urology at the University of California Medical Center, and Philip Tocantins who is in the advertising field associated with the firm of Batten, Barton, Dursten and Osborne, New York City.

R. George Rincliffe elected to Membership on Jefferson Board of Trustees

Announcement has been made of the election of R. George Rincliffe, President of Philadelphia Electric Company, to membership on the Board of Trustees of The Jefferson Medical College. Mr. Rincliffe's election brought the present board membership to a total of fourteen.

Mr. Rincliffe, a director of many banks and business firms, is also a member of the boards of Drexel Institute of Technology, the Franklin Institute, the United Fund and is a lay trustee of Villanova University.

He began his business career with Philadelphia Electric Company in 1923 as an engineering assistant after receiving his Master of Science Degree in chemical engineering at Massachusetts Institute of Technology. He was elected executive vice president in 1950, and two years later was named president of the concern.

R. GEORGE RINCLIFFE

(below) Congratulations are Extended to MR. RINCLIFFE (third from left) after his Having Been Sworn in as a Trustee of Jefferson Medical College and Medical Center by (left to right) PRESIDENT WILLIAM W. BODINE, JR., CHIEF JUSTICE ALVIN JONES of the Supreme Court of Pennsylvania, DEAN WILLIAM A. SODEMAN, M.D., PERCIVAL E. FOERDERER, Chairman of the Board of Trustees and VINCENT P. McDEVITT, ESQUIRE, Chancellor of Bar Association.

Pediatrics and Geriatrics to be Featured on Jefferson's "UNIVERSITY OF THE AIR" TV Programs

Once again, Jefferson Medical College will participate in the Winter-Spring Semester of the "University of the Air" television series. The over-all theme of the program is "The Child and the Aged," and the presentations may be seen over television station WFIL, Channel 6, at 11:15 a.m. each Thursday. The first program was given on February 4, and the last of the semester will be on May 26, 1960.

The presentations scheduled for the coming months were arranged by the Committee for Radio and Television of the Executive Faculty with Dr. Andrew J. Ramsay as Chairman. The other members of the Committee are: Dr. Peter A. Herbut, Dr. Robert A. Matthews, Dr. Robert I. Wise and Dr. William A. Sodeman, ex-officio.

PEDIATRICS

1. Illness of the newborn baby.
February 4, 1960.
Departments of Pediatrics and Obstetrics.
Drs. H. Keitel and J. Coppolino.
2. The premature baby—the pediatricians' most serious problem.
February 11, 1960.
Department of Pediatrics.
Drs. H. Keitel and J. Mackell.
3. What is being done to understand the small child?
February 18, 1960.
Departments of Pediatrics and Psychiatry.
Drs. H. Keitel and W. Wren.
4. Studies in children with delayed speech.
February 25, 1960.
Departments of Pediatrics and Psychiatry.
Drs. W. McLean and W. Wren.
5. Pets and the diseases they may give to children.
March 3, 1960.
Departments of Pediatrics and Microbiology.
Drs. H. Keitel, C. Rowe and F. Katz.
6. Virus diseases in children.
March 10, 1960.
Departments of Pediatrics and Medicine.
Drs. C. Rowe and W. P. Havens.
7. Lead poisoning in children.
March 17, 1960.
Departments of Pediatrics and Preventive Medicine.
Drs. F. Karpinski and R. Brent.
8. X-rays and children—advances in safety.
March 24, 1960.
Department of Radiology.
Dr. P. J. Hodes and Staff.
9. X-rays and children—advances in safety.
March 31, 1960.
Department of Radiology.
Dr. P. J. Hodes and Staff.

GERIATRICS

10. What is geriatrics?
April 7, 1960.
Departments of Medicine and Psychiatry.
Drs. E. Bortz, J. Lindquist and J. Koltes.
11. Physical disabilities of the geriatric patient.
April 14, 1960.
Departments of Medicine and Physical Therapy.
Drs. J. Lindquist and J. Goldschmidt.
12. Health maintenance of the aged.
April 21, 1960.
Departments of Medicine and Preventive Medicine.
Drs. J. Lindquist and J. W. Savacool.
13. Philadelphia and the care of the aged.
April 28, 1960.
Department of Medicine.
Dr. J. Lindquist and invited guest.
14. Newer aspects in the treatment of the low vision group and the cataract patient.
May 5, 1960.
Department of Ophthalmology.
Drs. E. C. Gettes and T. H. Hamdi.
15. Surgical treatment of deafness.
May 12, 1960.
Department of Oto-Rhino-Laryngology.
Drs. F. Harbert and J. Sataloff.
16. Pelvic Cancer.
May 19, 1960.
Departments of Obstetrics and Gynecology.
Dr. George Hahn.
17. Research in cancer—our hope for the future.
May 26, 1960.
Department of Pathology.
Dr. P. A. Herbut.

Dear Fellow Alumni:

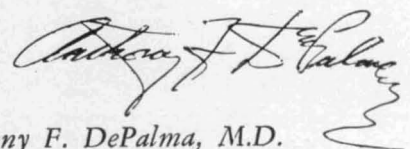

This will, undoubtedly, be my last official correspondence to you from the Alumni Office.

Within the past year I have met many of you, both in a business and social atmosphere, and I have enjoyed every minute of this association. I wish to thank each and every one of you for the cooperation that you have given me in the past year and for the help and encouragement that has prompted me in instituting some of the changes that you have noticed in our Alumni activities within the past year. All in all, I have enjoyed working with the many State Vice-Presidents who have been a real source of help in bringing our numerous Alumni bodies together and encouraging these groups to participate in the affairs of the Alumni Association.

It was a pleasure for me to report, at the last Alumni Meeting, the results of the efforts of our Alumni Giving Fund. It is apparent that all of the Alumni of Jefferson are assuming a greater responsibility to their Alma Mater. This is as it should be for we owe her a debt which we cannot pay within our lifetime.

Your new President, Professor John Gibbon, I am sure will lead you a fast pace, and I am also sure that the end of the year will reveal many features which will be a credit to his term of office. I sincerely hope that each and every one of you will give him the same support that you have given me. I hope that this coming year will bring you happiness, health, and peace of mind.

Sincerely yours,

A handwritten signature in cursive script, reading "Anthony F. DePalma". The signature is written in dark ink and is positioned above the printed name.

Anthony F. DePalma, M.D.

Dear Fellow Alumni:

I sincerely appreciate the honor you have conferred upon me by electing me President of The Jefferson Alumni Association for the ensuing year. I shall carry out the duties of this office to the very best of my abilities and trust that I may live up to the high standards established by my predecessors.

We are alumni of an old and famous medical school. We can be proud of our tradition of great teachers and scholars on the Faculty. I am sure we all want to continue in that great tradition. As a medical school with 135 consecutive years of inde-

pendent existence unassociated with a university, we may face problems in the future difficult, but not impossible, to solve. We have moved a long way from the time when the fees of medical students supported the College. Today 60 per cent of the cost of our College is borne by the taxpayers of the Commonwealth of Pennsylvania. If this were not so, we could no longer continue to exist. We must make plans for the future so that we can continue to maintain the excellence of our Faculty and student body. For this we need continued strong financial support. Whatever the future holds for us, we must be sure that the name of The Jefferson Medical College of Philadelphia continues to exist as a proud symbol of our past and our continued excellence in the future.

As alumni, we too have a proud record of faithful and continued support of our Alma Mater through alumni giving. Among alumni of medical schools we stand with the highest in this respect. Let us not only continue but increase this support as a warrant of our continued confidence in the greatness of our school.

Sincerely yours,

John H. Gibbon, Jr., M.D.

Alumni Fund at Mid-Point Shows Encouraging Trend

CARROLL R. MULLEN, M.D., Chairman

We have reached the mid-point of our 12th Drive, with our goal in sight but far from a realization. As of February 15, the total for the Fund stood at \$90,147.39, and the vital question is—are we going to meet the challenge. We *can* meet it, of this our Committee is convinced. Our goal can be reached through the renewed efforts of our faithful and hard working Class Agents. It can be attained, however, only through response from the 3,000 alumni of Jefferson who have never contributed or who have lapsed in the regularity of their gifts. Recognition of the importance of their responsibilities and their aid by this large group of the “lost legion” would swell the much needed funds in our Alumni Giving effort so that the horizon of the goal could be brought into sight.

There are giving funds which surpass our Jefferson effort. Percentages of contributors are higher and individual gifts are greater in these funds, accounting for their leadership. No one believes that our own Jefferson graduates are less loyal and less generous than other medical alumni groups.

There have been many encouraging trends in this year's Drive. We have received 182 new gifts—by which we mean contributions from alumni who have been out of school for a number of years, but who have not given before. We have received 566 increased contributions, in many cases doubled, and for these increased gifts we are very grateful.

It is with great pride that we report that widows of Jefferson graduates have now contributed \$1,545.00 to this 12th Giving Fund effort. It is heartwarming and encouraging to know that the “best girls” of our deceased fellow alumni continue to enjoy and share and love the institution which did so much for their husbands. The generosity and loyalty of these Jefferson widows should stimulate those living to join the ranks of their late fellow alumni in reaching the goal set to help keep Jefferson at a top rank among the world's medical colleges.

There have been a few discouraging facets of the campaign thus far. The American Medical Education Foundation embarked on a vigorous campaign this year, tying in

contributions to their organization with county medical association membership. Unquestionably this campaign has had its effect on our Annual Giving Fund, since contributions through A.M.E.F., even if earmarked for Jefferson, are not credited to the individual classes, nor included in the Fund total. The reason for this is, of course, because A.M.E.F. funds are not given to the Alumni Association but are sent to the College for its unrestricted use. We urge that a nominal contribution be made to A.M.E.F., if you desire, but that you send a contribution directly to Jefferson for credit to your class. All direct contributions are reported by the Alumni Office to A.M.E.F.

A second disappointment has been the low percentage of participation among the younger classes to date. While all of us are aware, having gone through the same experiences, of the difficulties encountered in living on a resident's or interne's salary, and the expenses involved in setting up a practice, we believe that the important thing for men in these classes is participation. No amount is too small and every gift is important.

Our Class Agents have been working hard, and you will be hearing from them again before the close of the Fund. The Committee cannot adequately express its gratitude to these men for their efforts and loyalty. You can, of course, thank them in tangible fashion for their class news notes and voluminous correspondence, by sending them your checks.

We have pointed out in prior reports, in letters and by charts, why we felt it necessary to raise our sights this year. In fitting its program and development to the demands of a changing world, Jefferson is constantly seeking better ways of fulfilling its basic purpose—the best education possible for the medical student. To accomplish this aim, money is very necessary.

In making a gift to Jefferson, you will have the satisfaction of having identified yourself with an institution wholly devoted to the training of fine physicians. A sense of greater achievement will be yours, a feeling that you have found a way to defy the conquest of time.

CLASS STANDINGS — ALUMNI ANNUAL GIVING FUND, June 12, 1959 to February 15, 1960

Class	Class Agent/Associate	Agent's Residence	Class Members with Recorded Addresses	Number of Contributors	Percent Participation	Amount

"The Physician's Relationship to Community Health" is Subject of Dr. C. Earl Albrecht's Address at "Dean's Hour."

On January 6, 1960 Dr. C. Earl Albrecht, Class of 1932, Deputy Secretary of Health, presented a lecture to the upper classmen of the Jefferson Medical College. Some excerpts from his presentation follow:

Addressing the medical students Dr. Albrecht said that soon you will graduate, complete your internship and training, and begin the practice of medicine as a physician in some community. In medical college and during your residency training you receive intensive clinical education, training, and experience. You learn the skills and art of practicing medicine. Very little time is spent in discussing the physician's relationship to his community. Every physician discovers that today there are many health activities which are occurring outside of the physician's office and the hospital. The discussion today will consider these under the heading "Community Health."

All of us in medicine cannot ignore and isolate ourselves from these community health activities. Actually we have a responsibility for their development, conduct, and operation, and when we become familiar with them we discover that most all of these community health programs are useful to the physician in his practice of medicine.

County Medical Society

The county medical society should demand the physician's active membership and support. As a member he participates in the formulation of the policy for the State Medical Society which, in turn, works closely with the State Department of Health. Acceptance of these responsibilities is the most certain method of preventing socialistic trends. This sacred right needs to be protected by constant vigilance on the part of every physician, not only in his daily business but in his daily practice with the community and governmental agencies. Appropriate and sound legislation must be developed and supported. The many committees directly related to the community must be participated in. Some of these are Public Health Legislation, Medical Economics, Medical Civil Defense, Advisory to Selective Service, Nurses, Hospitals, Preventive Medicine and Public Health, Blood Bank, Red Cross, Safety, Health Education. Clearly, these duties take the physician out of his office so that he is actively engaged in affairs of the community.

The Physician and the Voluntary Health Agencies

We are in a period when many people are in some way or another involved in health activities and programs. The voluntary health agency has become important in all aspects of health, diagnosis, case finding, mass surveys, treatment, and hospitalization. As new attention is focused upon a specific medical condition or a problem reaches greater magnitude, such as the aging population, voluntary agencies, committees, and commissions are established to meet the need.

In a recent survey it was found that 62 distinct corporate bodies were soliciting funds in a community of approximately 100,000 people. Because of the great appeal, very frequently emotional, great sums of money are raised. This provides the finances to employ personnel and establish programs.

As voluntary health groups and organizations get started, unless they have medical guidance, leadership, and active and continuing participation from physicians who know the medical and professional aspects, it is not hard to understand why programs are incomplete, do not adequately meet the medical needs, duplicate other available

service, and give false hope and security to individuals and the public.

This is not to imply that there is not a real place for and a contribution made by these voluntary associations and organizations. However, unless they receive competent medical guidance and continuing direction, the worthy purpose may not be realized.

The participation of physicians on boards of voluntary health agencies is a necessity and an obligation. Organized medicine at the county and state level must take an active part in planning the activities and destiny of all voluntary health agencies. The physician with his professional and broad knowledge and experience can offer sound advice and judgment.

The Physician in Community Health

The physician in diagnosis and treatment frequently encounters obvious public health matters, such as communicable disease which must be reported and which may require epidemiological study. Immunizing procedures for the prevention of diseases performed routinely or during epidemic situations are clearly public health activities.

(above) C. EARL ALBRECHT, M.D.
Class of 1932

Data and records which are used for vital statistics, morbidity and mortality all originate from the physician. These serve as the basis for determining what particular health problems a community might have as well as indicating what the overall trends for a community, state, or nation might be. These illustrations point out that the family doctor performs many functions that relate directly or indirectly to public health. These services performed in the physician's private office have a real effect upon community health.

As the community problems of public health increase and become more involved and extensive, it becomes clear that certain of these functions and responsibilities must be assumed by someone other than the busy family doctor. Often times the practical consideration of time itself affects how these community public health problems shall be handled. The physician being a very busy person must turn to resources that will help him.

The economic factor as it relates to the ability of the individual to pay for diagnosis and treatment must be recognized. It has not been difficult to accept the concept that many chronic diseases such as tuberculosis and crippling conditions must of necessity become the responsibility of government since the treatment process is often too lengthy and too costly for the individual.

The secret to preventing steps toward socialized medicine developing in any com-

munity is for organized medicine and public health officials and physicians to work together. Jointly they must develop policies, programs, and activities of the Health Department. Through this exchange between the family doctor and public health officials, a clear understanding and appreciation of the role and responsibility of each develops. This interest of the family doctor in programs of public health is a major responsibility that he must meet and is an area that cannot be overlooked by the public health physician.

All physicians, regardless of their position, specialty, or practice, have a responsibility directly with governmental health programs. By law, Advisory Health Boards, Commissions, School Boards, County Boards of Health are established. Certainly on all of these physicians should hold membership. Therefore, when these invitations and opportunities arise the physician must give of his time to guide and direct policy.

These responsibilities of participation are not limited to voluntary health agencies and governmental departments. Today occupational health in industry and business is becoming a significant part of the practice of medicine. The physician must guide management and labor. The health centers operated by unions, by industry, by government should be manned by physicians from the community in which they are located. Finally, the physician will find in his relationship to the community in which he lives

and works a moral responsibility to improve health. In Pennsylvania there remains the challenge of controlling the development of silicosis. This is a preventable condition, and not until the scientific knowledge of the physician is joined with the technical knowledge of the mine operators will proper controls be effected. The very existence of so much silicosis in Pennsylvanians is costing the Commonwealth \$28,000,000 biennially for compensation alone. Tuberculosis continues to be an exceedingly costly disease to the taxpayers. Over \$17,000,000 biennially are appropriated to the State Department of Health for the control of tuberculosis. This being a preventable disease implies that it should be entirely controlled, thus saving this costly item. There continues to be in some areas of the State a much too high infant mortality rate. This is a situation which the medical profession must give attention to, to improve community health.

Probably the greatest challenge that the physician of the future has before him is the aging population. We have conquered the communicable and preventable diseases to a large degree, but the degenerative diseases now so prevalent with people living longer still remain to be conquered. The physician, indeed, has a relationship to community health which, when more closely analyzed, becomes a responsibility. It is hoped that you, as the future physicians of Pennsylvania and elsewhere, will fully assume this responsibility.

"JOGERS" to Meet in Covington, Kentucky

"JOGERS," the Jefferson Obstetrics and Gynecology Ex-Residents Society, will meet on Sunday, April 3, 1960, at the Town and Country Restaurant, 1022 Dixie Highway, Covington, Kentucky. Cocktails will be served at 6:30 p.m., to be followed by dinner at 8. This meeting is being held in conjunction with the Convention of the American College of Obstetrics and Gynecology in Cincinnati from April 3 to 6.

Jefferson Receives March of Dimes Grant

A March of Dimes grant of \$9,694.00 has been awarded The Jefferson Medical College for research in provoking secondary, unused nerve pathways into activity when normal pathways fail. It is believed if dormant nerve tracts can be brought into use they might compensate for lack of control of muscles such as that brought on by paralytic poliomyelitis.

JOSEPH MEDOFF, M.D., from Associate in Clinical Medicine to Assistant Professor of Clinical Medicine.

ALBERT EDWARD O'HARA, M.D., from Associate to Assistant Professor of Radiology.

JULES HARRY BOGAEV, M.D., from Instructor to Associate in Clinical Urology.

AUGUST PAUL CIELL, M.D., from Instructor to Associate in Clinical Otolaryngology.

JOSEPH KIRBY CORSON, M.D., from Assistant to Associate in Dermatology.

TURGUT NAZIF HAMDI, M.D., from Instructor to Associate in Clinical Ophthalmology.

CYRIL M. LUCE, M.D., from Assistant Instructor to Associate in Clinical Ophthalmology.

A. S. MCCALLUM, M.D., from Instructor to Associate in Clinical Otolaryngology.

JOHN E. MOCK, M.D., from Instructor to Associate in Clinical Psychiatry.

PAUL K. PERILSTEIN, M.D., from Instructor to Associate in Medicine.

GERARD MICHAEL SHANNON, M.D., from Instructor to Associate in Clinical Ophthalmology.

NORMAN G. SLOANE, M.D., from Instructor to Associate in Clinical Medicine.

JOSE HERACLIO AMADEO, M.D., from Assistant to Instructor in Surgery.

HAROLD LEWIS COLBURN, JR., M.D., from Assistant to Instructor in Dermatology.

HAROLD I. MARK, M.D., from Assistant to Instructor in Medicine.

IRWIN L. STOLOFF, M.D., from Assistant to Instructor in Medicine.

WERNER WELZ, M.D., from Assistant to Instructor in Psychiatry.

New Appointments

ROBERT LOVE, M.D., as Professor of Pathology (without a seat on the Executive Faculty).

SIDNEY WEINHOUSE, Ph.D., as Visiting Professor of Biochemistry.

MAURICE SONES, M.D., as Visiting Associate Professor of Medicine.

MELVIN J. SILVER, Sc.D. (Bacteriology), as Assistant Professor of Pharmacology.

ANNE MARIE AMBROMOVAGE, B.A., as Graduate Teaching Assistant in Physiology.

LIONEL WAYNE ROSEN, B.S., as Graduate Teaching Assistant in Physiology.

ROSALIND YI-MING TING, M.D., M.P.H., as Research Associate in Pediatrics.

JAMES JOSEPH GALLAGHER, M.D., as Instructor in Urology.

ADOLPHE THOMAS GREGOIRE, Ph.D., as Instructor in Physiology (Dual appointment).

SALVATORE A. PENNISI, M.D., as Instructor in Urology.

CLAIBORNE T. SMITH, JR., M.D., as Instructor in Psychiatry.

R. GERALD SUSKIND, M.D., as Instructor in Pathology.

MARGARET I. ANDERSON, M.D., as Assistant in Medicine.

BALDO M. CARNECCHIA, M.D., as Assistant in Neurology.

RICHARD PENNELL GOTSCHER, M.D., as Assistant in Obstetrics and Gynecology (Philadelphia General Hospital).

CHARLES GEORGE HEIL, JR., M.D., as Assistant in Obstetrics and Gynecology.

DALE HORACE PALMER, M.D., as Assistant in Psychiatry.

EDWARD MARION PODGORSKI, M.D., as Assistant in Obstetrics and Gynecology.

MARGARET ELLERKER KIRBY, M.B., as Teaching Fellow in Anesthesiology.

Resignations

PHILIP A. BEARG, M.D., as Professor of Preventive Medicine (effective September 1, 1959).

EDWARD H. BISHOP, M.D., as Instructor in Obstetrics and Gynecology.

JOHN PATTERSON, as Instructor in Psychiatry (effective November 5, 1959).

WILLIAM M. PERRIGE, M.D., as Instructor in Surgery.

JOSEPH E. CAMPBELL, M.D., as Visiting Lecturer in Legal Medicine.

RICHARD JAMES COLFER, M.D., as Visiting Lecturer in Legal Medicine.

LOUIS G. FEO, M.D., as Demonstrator of Obstetrics and Gynecology (effective December 31, 1959).

Leave of Absence

EDGAR CHARLES SMITH, M.D., Assistant in Medicine.

Deaths

ARTHUR J. WAGERS, M.D., Clinical Professor of Laryngology (December 18, 1959).

MAURICE BROWN, M.D., Demonstrator in Dermatology (January 7, 1960).

DR. SAUSSER, EMERITUS DENTIST, DIES

Emerson R. Sausser died on December 6, 1959, at the age of 78. At the time of his death, he was Emeritus Dentist at Jefferson Hospital. He received his early education in the Public Schools and the Central High School of Philadelphia. He entered the University of Pennsylvania Dental School in 1900 and was graduated with honors in 1903. In 1923, he was elected President of the Pennsylvania State Dental Society.

In 1930, Dr. Sausser was appointed Chief Dentist to Jefferson Hospital by the Board of Trustees to succeed Dr. Joseph R. Head, who had resigned. New equipment was purchased and the dental clinic reorganized with contributions received from the Dietrich Foundation.

In the same year, he was a Delegate at the White House Conference on Child Health.

Doctor Sausser was one of the founders, as well as President and Chairman of the Board of the Philadelphia Mouth Hygiene Association, which in 1930 started its program of preventive as well as corrective dentistry for the underprivileged children of Philadelphia.

In 1939, Governor Earle presented him with the Meritorious Service Medal from the State of Pennsylvania in recognition of his unselfish effort, time and ability in public health and clinical work.

In 1950, The Emerson R. Sausser Medical Dental Clinic was established at Jefferson Medical College Hospital by the Samuel H. Kress Foundation of New York, in honor of his many accomplishments. The Clinic is dedicated to maintenance of the health of the oral structures of children of low income families, the teaching of the principles of oral hygiene and to provide a closer cooperation between physicians and dentists through conferences and lectures in Dental Medicine to the medical students.

Doctor Sausser deserves commendation and appreciation for the able manner in which he accomplished the many commissions assigned to him as well as the services he rendered on behalf of the children committed to his care.

His name will go down in history as having served both his profession and the community well.

R. F. A. COLELLA, D.D.S.

(above) 116 Guests Attended the South Central Pennsylvania Chapter Dinner.

South Central Pennsylvania Chapter Dinner Meeting Well Attended

The Jefferson Alumni Association of South Central Pennsylvania, which includes the counties of Dauphin, York, Lancaster, Perry, Mifflin, Cambria, Cumberland, Franklin, Adams, Bedford, Blair, Huntingdon, Lebanon, Lycoming and Somerset, held its annual social and scientific meeting at the Penn Harris Hotel in Harrisburg on Satur-

day evening, November 21. The evening began with a social hour which was followed by dinner at the conclusion of which the alumni held a business and scientific session while the ladies adjoined to the Governor's Room where Mrs. Thomas Bowman, Jr., had arranged for some skits by several members of the Harrisburg Community Theatre.

(right) Four Members of the
Class of 1937 Attended.
(left to right) E. A. ALLYN,
M.D., W. T. DOUGLASS,
JR., M.D., L. BIXLER, M.D.,
F. HOOPER, M.D.

The officers elected for the coming year were as follows: President, Norman B. Shepler, Dauphin Co., Class of 1910; First Vice President, Meade Shaffner, Lancaster Co., Class of 1925; Second Vice President, Philip Minnich, York Co., Class of 1944S; Third Vice President, J. Donald Wentzler, Lycoming Co., Class of 1946; Fourth Vice President, Donald Davidson, Cambria Co., Class of 1945; Secretary-Treasurer, Raymond C. Grandon, Dauphin Co., Class of 1945; Assistant Secretary-Treasurer, Herbert V. Jordan, Jr., Dauphin Co., Class of 1946; Publicity Chairman, Louis Wright, Dauphin Co., Class of 1913.

The speakers for the event were Dr. Anthony F. DePalma and Dr. Paul J. Poincard. Dr. DePalma spoke on "Important Happenings Around Jefferson During the Past Year" and Dr. Poincard's very timely subject was "Medical Hypnosis."

A total of 116 people with representatives from nine counties were present. The largest representation of one class was that of 1937 which included: R. E. Allyn, William

T. Douglass, Jr., Lester Bixler and Fred B. Hooper, who is at present President of the Dauphin County Medical Society. Our chapter once again had the opportunity of having several seniors from the school who reside in the Central Pennsylvania area attend as guests.

The entire evening proved to be a great success and many of the alumni went away talking about next year's meeting.

Dean Sodeman and Dr. Tocantins to be Guest Speakers at Ohio Chapter Dinner

The Ohio Chapter of the Alumni Association will hold its 10th Annual Dinner at the Sheraton-Cleveland Hotel on Tuesday, May 17, in Cleveland, Ohio. Dr. William A. Sodeman, Dean, and Dr. Leandro M. Tocantins, Thomas Drake Martinez Cardeza Professor of Clinical Medicine and Hematology in the Department of Medicine, will be guest speakers.

Puerto Rico Chapter Entertains Dr. and Mrs. Paschkis at Annual Winter Banquet

Dr. and Mrs. Karl E. Paschkis were guests at the 56th Annual Meeting of the Puerto Rico Medical Association during the week of the 22nd of November, 1959. Dr. Paschkis delivered a series of most interesting talks during the scientific sessions of the meeting.

On the night of the 26th of November, the Puerto Rico Chapter was host to the Paschkis who gathered with members of the Jefferson Alumni in the Annual Winter Banquet and in celebration of Thanksgiving Day.

This year the banquet was held in the Club House of the Afda Fraternity in Santurce, where a most delicious dinner was served.

Dr. A. Ramos Oller, president of the Puerto Rico Chapter, welcomed the guests of honor and presented Dr. A. de Andino who introduced Dr. Paschkis.

Dr. Paschkis spoke about the beauty of our island and expressed his pleasure at being present as a guest of the Puerto Rico Chapter. He told us about some events and progress of our Alma Mater, especially in relation to the Division of Endocrine and Cancer Research. Everybody was impressed by the organization of the Division as an interdepartmental unit with the many advantages including the multidisciplinary approach to Research.

After the formalities were over, Dr. Enrique Matta organized a combo, the music of which was so contagious that an informal dance followed until late hours.

Luis P. Sanchez Longo, M.D.
Secretary, Puerto Rico Chapter

(above) DR. A. deANDINO (left) and DR. A. RAMOS OLLER (right) Welcome DR. PASCHKIS to the Chapter Winter Banquet.

(right) The Presidential Table. (left to right)
DR. A. NAVAS, DR. LUIS P. SANCHEZ LONGO, DR. A. RAMOS OLLER, MRS. A. RAMOS OLLER, DR. PASCHKIS, MRS. PASCHKIS, DR. A. deANDINO and MRS. A. deANDINO.

Florida Chapter to Meet on April 8

The Florida Chapter of the Alumni Association will hold its spring meeting at an informal dinner on April 8 at the George Washington Hotel in Miami during the Annual Meeting of the Florida Medical Association. Dr. William A. Sodeman, Dean, will be the guest speaker at this meeting.

Dr. Gibbon and Dr. Wise to Speak at Connecticut Chapter Meeting

The Connecticut Chapter of the Alumni Association will hold a dinner at the Hotel Statler in Hartford, Connecticut, on May 5, 1960. Dr. John H. Gibbon, Jr., Samuel D. Gross Professor of Surgery and Head of the Department, the new President of the Alumni Association, and Dr. Robert I. Wise, Magee Professor of Medicine and Head of the Department, will be guest speakers.

Northern New Jersey Chapter Meeting Held on February 24, 1960

On February 24, 1960, the Northern New Jersey Chapter of the Jefferson Alumni Association held their Annual Meeting at the Essex Club, Newark, New Jersey.

After a congenial hour of cocktails, hors d'oeuvres, and small talk, a fine dinner was served and enjoyed.

Due to the unavoidable absence of President Deutel and Vice President Dinger, the Secretary-Treasurer, Dr. De Troia, presided at the meeting. Our two faculty guests were John Montgomery, M.D., Professor of Obstetrics and Gynecology, and Robert Matthews, M.D., Professor of Psychiatry. They gave interesting informal talks about some of the problems at Jefferson and how they are being handled.

A brief business meeting followed. The following officers were nominated and elected: President, L. S. Hinckley, M.D.; Vice-President, Robert Rich, M.D.; Secretary-Treasurer, F. C. De Troia, M.D.

Frederick C. De Troia, M.D.
Secretary-Treasurer

ALUMNI PLACEMENT BUREAU

Positions Available:

Wanted: Large, active and lucrative General Practice available in Northfield, New Jersey, for young physician. Must be willing to talk over diagnosis, symptoms, etc., and make calls.

Wanted: Providencetown, Massachusetts, a town of 3,500 people is urgently in need of a General Practitioner. There are two doctors in the town and they are very much over-worked as they also cover the neighboring town of Truro. Being on Cape Cod, it is an attraction for the summer tourists, which means that the town population jumps to about 15,000 and two doctors are far from sufficient.

Wanted: Hollidaysburg, Pennsylvania, a town of 8,000 and the county seat of Blair County, is urgently in need of a Pediatrician.

Wanted: Wadesboro, North Carolina—1930 Graduate with very large General Practice is most anxious to obtain an associate.

Wanted: Garden City, New York—1931 graduate desires qualified Internist-Cardiologist, preferably board certified or board eligible, to assist him in large practice in Garden City.

Wanted: Excellent opportunity for a well trained Obstetrician and Gynecologist as an associate in Medical Center located in Northern New Jersey, approximately 50 miles from Philadelphia and New York City.

Wanted: Oil City, Pennsylvania, is urgently in need of well qualified physicians.

Situated on the Allegheny River in northwestern Pennsylvania, Oil City has a population of 20,000 plus a well-populated large surrounding area (population within 25 mile radius—165,000). Two adjoining counties have no medical hospital facilities. The medical burden of this population is being carried by only nine General Practitioners. The Oil City Hospital is a modern fully accredited institution (170 beds, 30 bassinets) with 7,646 admissions and 938 births per year (1959). Clinical laboratory facilities provide the most modern diagnostic procedures, including serum enzyme studies, serum electrophoresis, etc.

Positions Wanted:

Wanted: 1953 graduate desires to relocate in General Practice; prefer group or partnership association in East or Midwest.

Jefferson Faculty Members Attend 7th Annual Inter-Society Cytology Council Meeting

The following persons from Jefferson attended the 7th Annual Inter-Society Cytology Council Meeting, held in the Statler-Hilton Hotel, Detroit, Michigan, November 19th to 21st, 1959.

- Dr. Abraham E. Rakoff, Clinical Professor of Obstetric and Gynecologic Endocrinology
President of the Society
- Dr. Warren R. Lang, Assistant Professor of Obstetrics and Gynecology
Editor of 1959 Transactions
- Dr. Charles G. Rosa, Assistant Professor of Anatomy
- Dr. Lewis C. Scheffey, Professor of Obstetrics and Gynecology, Emeritus
Past President
- Dr. Hammell P. Shipp, Assistant Professor of Clinical Obstetrics and Gynecology
- Dr. Nasim Shah, Fellow in Obstetrics and Gynecology
The Misses
Dorothy Gurnsey
Mary Frank
Norma Imler
Lois Green

Cytochnologists at Jefferson

Doctors Rakoff and Lang participated in a panel on "Cytology in Pregnancy" and Dr. Rosa gave a paper on "The Use of Cytochemical Tools for the Study of Human Vaginal Smears. Oxidative Enzymatic Activity and its Possible Diagnostic Significance in Squamous Cell Carcinoma of the Uterine Cervix."

Activities of the Department of Urology

Dr. Theodore R. Fetter, Nathan Lewis Hatfield Professor of Urology and Head of the Department, and Dr. Bradford M. McCuskey presented a paper on "Hyperparathyroidism and Urolithiasis" at the Mid-Atlantic Urological Association Meeting held in White Sulphur Springs, West Virginia, November 11th to 14th, 1959.

At the Philadelphia Academy of Surgery Meeting, January 4, 1960, Dr. Fetter (by invitation) presented a paper on "Present Day Concepts in the Management of Bladder Tumors."

Dr. Fetter was recently elected a member of the Board of Governors of the Philadelphia Medical Club.

Jefferson is Host to Angiology Research Foundation

The Angiology Research Foundation held its First Regional Postgraduate Medical Clinic on January 8, 1960, in McClellan Hall of the College. Dr. David W. Kramer, Associate Professor of Medicine, was the program chairman, and Dr. Harold L. Israel, Clinical Professor of Medicine, was among the speakers, his subject being "Pulmonary Embolism."

Activities of the Department of Surgery

Dr. Thomas F. Nealon, Jr., Associate Professor of Surgery, gave the welcoming address at the Annual Nurses Cancer Conference sponsored by the American Cancer Society at the Benjamin Franklin Hotel, Philadelphia.

A publication on the use of ion exchange resins as an artificial liver published by Dr. David C. Schechter, Dr. Thomas F. Nealon, Jr., and Dr. John H. Gibbon, Jr., was recently the subject of a nationally syndicated medical column.

The United States Public Health Service has just approved

a grant to Dr. John H. Gibbon, Jr., Samuel D. Gross, Professor of Surgery and Head of the Department, Dr. Thomas F. Nealon, Associate Professor of Surgery, Dr. James E. Clark, Instructor in Medicine, and Dr. Arthur J. Weiss, Instructor in Medicine, for the development of an artificial kidney based upon the use of ion exchange resins. The grant provides \$27,108.00 a year for three years for the development of this apparatus.

Dr. William J. Tourish, Associate in Surgery, was recently appointed Director of Surgery at St. Mary's Hospital in Philadelphia.

1960 CLASS REUNIONS

50th Reunion — 1910

Dr. Norman B. Shepler
510 N. Second Street
Harrisburg, Pa.

There will be a luncheon on Wednesday, June 15, at the John Bartram Hotel, Broad and Locust Streets. Full details will be sent to Class members at a later date.

45th Reunion — 1915

Dr. Ralph M. Tyson
255 S. 17th Street
Philadelphia, Pa.

Dr. Charles A. Pryor
255 S. 17th Street
Philadelphia 3, Pa.

A luncheon will be held on Wednesday, June 15, at one of the downtown hotels for Class members only, and they will have a table or tables at the Alumni Banquet at the Benjamin Franklin Hotel on Thursday, June 16.

40th Reunion — 1920

Dr. Henry B. Decker
527 Penn Street
Camden, N. J.

Dr. Lewis C. Scheffey
255 S. 17th Street
Philadelphia 3, Pa.

Dr. Martin J. Sokoloff
255 S. 17th Street
Philadelphia 3, Pa.

A dinner is being planned for Class members and their wives on Wednesday, June 15, and details of the time and place will be sent to all Class members at a later date.

35th Reunion — 1925

Dr. Clyde M. Spangler
255 S. 17th Street
Philadelphia 3, Pa.

Dr. I. Charles Lintgen
1930 Chestnut Street
Philadelphia, Pa.

The Class of 1925 will have a luncheon for Class members on Wednesday, June 15, the place and time to be announced at a later date.

30th Reunion — 1930

Dr. Leib Golub
338 S. 21st Street
Philadelphia, Pa.

Dr. Patrick J. Kennedy
32 Hampden Road
Upper Darby, Pa.

Tentative plans have been made for cocktails and a luncheon on Wednesday, June 15, with a dinner-dance on the evening of the same day. Activities for the wives will also be planned and Class members will be advised of places and times shortly.

25th Reunion — 1935

Dr. John A. McCormick
632 Manor Road
Penn Valley, Narberth, Pa.

Dr. Edmund L. Housel
255 S. 17th Street
Philadelphia 3, Pa.

There will be a dinner-dance on Wednesday, June 15, in the Mirage Room of the Barclay Hotel, and plans for other activities will be announced later.

20th Reunion — 1940

Dr. Thomas B. Mervine
133 S. 36th Street
Philadelphia 4, Pa.

This Class will have a dinner-dance on Wednesday, June 15, in the Mirror Room of the Warwick Hotel and there will be a cocktail party before the Alumni Banquet on Thursday, June 16, at the Benjamin Franklin Hotel.

15th Reunion — 1945

Dr. Francis J. Murphy
2515 Garrett Road
Drexel Hill, Pa.

Tentative plans for the Class of 1945 include the following: Wednesday afternoon, June 15, golf at Aronomink Country Club, swimming, sightseeing, shows, with a dinner-dance in the evening. There will also be golf following the Dean's luncheon on Thursday, and a cocktail party preceding the Alumni Banquet.

10th Reunion — 1950

Dr. William B. McNamee
4501 Marvine Avenue
Drexel Hill, Pa.

Plans have been made for a dinner-dance on Wednesday, June 15, at the Drake Hotel.

5th Reunion — 1955

Dr. Robert J. Senior
Lennox Building
Chapel Hill, North Carolina
Dr. Michael G. Christy
124 W. Park Avenue
Haddonfield, N. J.

There will be a dinner at Bookbinders Restaurant, 125 Walnut Street, on Wednesday, June 15, with cocktail at 6 P.M. and dinner at 8 P.M.

DR. EDWARD L. BORTZ, Associate Professor of Medicine, former AMA President and chief of the medical service in Lankenau Hospital, participated in the Geriatrics sessions during the meeting of the American Academy of General Practice, Philadelphia, March 21-24, asking if the elderly patient is "Worn Out or Just Tired."

DR. HERBERT S. BOWMAN, Assistant in Medicine, Hematologist and Director of the Harrisburg Hospital's Blood Bank, recently addressed the Harrisburg Dental Society on "Dental Surgery and Hemorrhagic Diseases."

DR. HEINRICH BRIEGER, Professor of Industrial Medicine in the Department of Medicine, was invited to speak on "The Use of Chelating Agents in the Prevention and Treatment of Occupational Diseases" at the Twelfth Annual Meeting of the American Academy of Occupational Medicine in Williamsburg, Virginia.

DR. BRIEGER and his co-worker, DR. CHARLES W. LABELLE, will also present a paper at the International Symposium on Inhaled Particles and Vapours in Oxford, England; their joint paper is entitled "Patterns and Mechanisms in the Elimination of Dust from the Lung."

DR. SAMUEL S. CONLY, JR., Associate Professor of Physiology and Assistant to the Dean, was guest speaker at the 10th Annual Eastern Pennsylvania Pre-medical Conference of Alpha Epsilon Delta, sponsored by LaSalle College, Woman's Medical College and Hospital and the Eastern Pennsylvania Psychiatric Institute.

At the meeting of the Mid-Atlantic Section of the American Urological Society, held at White Sulphur Springs, West Virginia, November 11, 12, 13 and 14, DR. DAVID M. DAVIS, Professor of Urology Emeritus, made a report on the International Symposium on The Biology of Pyelonephritis, held in Detroit in October.

DR. DAVIS was also a guest speaker at the 1960 Atlanta Graduate Medical Assembly, February 15, 16 and 17. He spoke upon "Vesical Orifice and Urethral Obstruction in Young Men" and "Urinary Tract Obstruction as a Factor in Chronic Urinary Tract Infection. He also appeared on the television program "Today in Georgia" where he discussed "Present Trends in Medical Education."

DR. JOHN J. GARTLAND, Instructor in Orthopedic Surgery, read a paper on "Traumatic Dislocation of the Hip in Children" at the annual meeting of The Pennsylvania Orthopedic Society in Pittsburgh, Pennsylvania, on October 23, 1959. At the conclusion of the meeting he was elected vice-president of the Society for the coming year.

At the meeting of the International Society of Surgery in Munich, Germany, September 13th to 20th, 1959, the Scientific Council of the Society chose DR. JOHN H. GIBBON, JR., Samuel D. Gross Professor of Surgery and Head of the Department, as the recipient of their annual Distinguished Service Award. The Award was in the form of a beautiful bronze engraved medal.

DR. BERNARD W. GODWIN, JR., Assistant in Medicine and Pediatrics, recently gave a talk to the Staff of Cooper Hospital on "The Management of Bronchial Asthma."

At a recent meeting of the Lackawanna Medical Society, DR. JOHN W. GOLDSCHMIDT, Director of the Department of Physical Medicine and Rehabilitation, discussed the importance of rehabilitation of disabled patients. He illustrated his lecture with slides showing what a rehabilitation program can accomplish.

DR. GEORGE A. HAHN, Associate Professor of Obstetrics and Gynecology, attended the general sessions of the Annual Meeting of the American Cancer Society held recently at the Hotel Biltmore in New York City. This meeting was devoted to the early diagnosis of malignancy.

On November 10, 1959, he presented the Annual Guest Lecture in Obstetrics and Gynecology at Howard University in Washington, D. C. The title of his presentation was "Diagnosis and Treatment of Invasive Carcinoma of the Cervix Uteri."

On Sunday, November 15, 1959, at the Bellevue-Stratford Hotel, Philadelphia, Dr. Hahn served as Chairman of the Annual Meeting of the Pennsylvania Cancer Co-ordinating Committee. This Committee was developed in 1947 for the purpose of the co-ordination of cancer control activities in the State.

DR. LOUIS JENNINGS HAMPTON, Professor of Anesthesiology and Head of the Department, was re-elected President of the Philadelphia Society of Anesthesiologists.

DR. PHILIP J. HODES, Professor of Radiology and Head of the Department, flew to Baton Rouge, Louisiana, Sunday, January 31, 1960, starting an unusual 15-day tour that involved a scientific speech in Spanish in Mexico City. Following a reunion at Baton Rouge, he attended the American College of Radiology Board of Chancellors Meeting Tuesday through Friday at New Orleans, and on Saturday he served as Chairman for the fifth consecutive year at the Association's medical education meeting.

On Sunday, February 7, he flew to Mexico City to attend the first Mexican Radiological Congress. On Monday, as a

special guest, he delivered his scientific lecture in Spanish. Tuesday was "United States Day" and Dr. Hodes was in charge of the program. Wednesday and Thursday he attended the Inter-American College of Radiology meetings.

On Friday he served as the North American Chairman with Dr. Guillermo Santin as the South American Chairman, when plans were made for the Pan American Medical Association Congress, May 2-11, in Mexico City.

DR. HOWARD ISAACSON, Instructor in Obstetrics and Gynecology, has been appointed a Chief in the Department of Obstetrics and Gynecology at the Haverford Hospital in Havertown, Pennsylvania. In addition to Dr. Isaacson's teaching assignment at Jefferson, he is on the faculty of the Graduate School of Medicine, University of Pennsylvania.

Dr. Isaacson will also have an office in the Haverford Hospital.

On Friday, January 8, 1960, DR. J. RUDOLPH JAEGER, Professor of Neurosurgery in the Department of Surgery, was installed as President of the Philadelphia Medical Club.

DR. HANS G. KEITEL, Professor of Pediatrics and Head of the Department, recently attended the Governor's Committee on Handicapped Children; the International Congress on Pyelonephritis; the Conference on Experimental Clinical Cancer Therapy; and the Meeting of the Advisory Health Council of Philadelphia. He presented a talk on "The Feeding of Premature Infants" to the staff of St. Christopher's Hospital.

On January 26, 1960, DR. LUSCOMBE addressed the staff of Cooper Hospital, Camden, New Jersey, on "Syphilis."

DR. ROBERT A. MATTHEWS, Professor of Psychiatry and Head of the Department, was guest lecturer of the one-day Scientific Session held recently at the Autoport in State College, Pennsylvania. He discussed "Psychiatric Aspects of Hypertension."

During the meeting of The American Academy of General Practice being held in Philadelphia March 21-24 Dr. Matthews will endeavor to adapt the live clinic technique of presenting psychiatric subjects to the family doctor audience. Through the medium of the Eidophor system (wide screen, full color, closed circuit television), the audience can "look over the shoulder" of a psychiatrist and a general practitioner as they work with actual patients in clinics and hospital wards throughout the city. Through-

out the period, Dr. Matthews will be in contact with the patients and the examining physicians, keeping the audience up-to-date with case histories and interpretations. This will be a first in medical meeting techniques.

DR. KARL E. PASCHKIS, Associate Professor of Medicine and Physiology, Director of the Division of Endocrine and Cancer Research, has been elected an honorary member of the Mexican Society of Endocrinology and Metabolism.

In November, 1959 Dr. Paschkis was guest speaker at the Puerto Rico Medical Association. He spoke on "Goiter Problems" and on "The Physiologic Basis for Therapeutic Use of Corticosteroids" and also conducted a CPC. He was also a guest of the Puerto Rico Chapter of The Alumni Association at a dinner meeting, where he informally talked about current trends and developments at Jefferson.

Dr. Paschkis has been appointed North American Chairman of the 35th Anniversary Congress of the Pan American Medical Association in Mexico City, May 2 to 11, 1960.

DR. PAUL J. POINSARD, Clinical Professor of Psychiatry, spoke at the first session of an interdenominational course for Delaware clergymen on February 16, in the Cathedral Church of St. John in Wilmington. The course, which is designed to help interested clergymen be of greater service to troubled parishioners, will be conducted by experts in psychiatry and in education in that field. Dr. Poinsard's subject was "Guilt, Anxiety and Scrupulosity."

DR. F. JOHNSON PUTNEY, Clinical Professor of Laryngology and Broncho-Esophagology, lectured on "Prophylactic Versus Delayed Neck Dissection in Cancer of the Larynx" during the four-day sectional meeting of the American College of Surgeons held in Boston, Massachusetts, February 29 through March 3.

DR. ABRAHAM E. RAKOFF, Clinical Professor of Obstetrics and Gynecologic Endocrinology, was recently elected President of the Inter-Society Cytology Council an organization devoted to the study of cancer diagnosis through the examination of cells.

At a recent meeting of the Delaware County (Pennsylvania) Medical Society, Dr. Rakoff spoke on the "The Problems of Inter-sexuality."

DR. HERMAN L. RUDOLPH, Assistant Professor of Physical Medicine, spent the week of November 15th at the New York Medical College enrolled in the postgraduate course on "Rehabilitation in Chronic Illness." He also attended the meeting of the American Academy for Cerebral

Palsy in Los Angeles, California, the week of November 29th.

DR. PETER A. THEODOS, Assistant Professor of Clinical Medicine, gave a talk at the 5th annual meeting of the American Association of Inhalation Therapists on "The Physiologic Basis for Inhalation Therapy," and he addressed the Beaver County Medical Society, Beaver Falls, Pennsylvania, on "The Increasing Importance of Tuberculin Testing."

On January 26, Dr. Theodos presented a paper on "Clinical Significance of Cavitation in Anthracosilicosis" at the Conference on Silicosis and other Industrial Pulmonary Diseases, held by the McIntyre Research Foundation in Toronto, Canada.

DR. JOHN F. WILSON, Associate Professor of Dermatology, was again a member of the Faculty at the annual meeting of the American Academy of Dermatology, held at the Palmer House in Chicago, Illinois, December 5th to 10th, 1959. Dr. Wilson was Chairman of one of the Luncheon Informal Discussion Groups on Tuesday, December 8th, and was a member of the Panel on Dermatologic Photography on December 9th.

On January 7, 1960, Professor Alejandro A. Cordero and Dr. Pedro H. Magnin of the Universidad de Buenos Aires, Argentina, were guests of Dr. Wilson. They visited the Department of Dermatology and later the entire Jefferson Medical College and Medical Center. Professor Cordero and Dr. Magnin have been in the United States for the past month visiting various medical centers.

DR. C. WILMER WIRTS, JR., Associate Professor of Medicine, addressed the annual meeting of the New Jersey Chapter of the American Academy of General Practice, in Atlantic City, January 10, on "Practical Diagnosis in Gastrointestinal Disease."

On January 21, Dr. Wirts was a guest lecturer at the Pottsville Hospital, Pottsville, Pennsylvania, and addressed the staff on "Management of the Complicated Peptic Ulcer."

DR. ROBERT I. WISE, Magee Professor of Medicine and Head of the Department, was guest speaker for the first in a series of post-graduate medical education lectures held for the active staff members of Pottsville Hospital, Pottsville, Pennsylvania. Dr. Wise spoke on new advances in antibiotics.

(above) DR. JOHN F. WILSON with Guests, Professor ALEJANDRO A. CORDERO and DR. PEDRO H. MAGNIN of the Universidad de Buenos Aires.

Members of Pediatrics Department to Attend Meeting of American Academy of Pediatrics

At the next meeting of The American Academy of Pediatrics, April 20-22nd in Atlantic City, New Jersey, the Department of Pediatrics will be represented by Doctor Keitel, who is Chairman of the Panel on New Drugs; the Chairman of the Scientific Exhibits, and a member of the Program Committee. DR. FELIX E. KARPINSKI, Clinical Professor of Pediatrics, will deliver a report on Lead Poisoning; DR. ROBERT L. BRENT, Associate Professor of Pediatrics, a report on Radiation as a Health Hazard; DR. HENRY A. KANE, Associate in Clinical Pediatrics, will be a panelist on Pediatric Cardiology; DR. HENRY H. PERLMAN, Clinical Professor of Pediatrics, will be a member of a TV Program on Pediatric Dermatology; and DR. MARTIN GREEN, Associate in Clinical Pediatrics, on Pediatric Allergy.

Dr. Robert L. Evans Appointed to New Position at York Hospital

Dr. Robert L. Evans has recently been appointed to the newly-created position of Director of Medical Education and Services at York Hospital in York, Pennsylvania. He will coordinate and supervise the educational program for intern and resident physicians at the hospital.

Although he assumed his new duties on February 1, Dr. Evans will continue to spend one day a week at Jefferson where he has been serving as Instructor in Medicine and as Assistant Chief of the Cardiac Maternity Clinic and a member of the Artificial Renal Dialysis team at Jefferson Hospital.

Dr. Evans will continue to serve as Class Agent for the Class of 1952.

(above) ROBERT L. EVANS, M.D.

(below) ELMER H. FUNK, JR., M.D.

Dr. Elmer H. Funk, Jr., named Associate Director of Medical Services by Drug Firm

Dr. Elmer H. Funk, Jr., Assistant in Medicine, has been appointed Associate Director of Medical Services, Merck Sharp & Dohme Research Laboratories, Division of Merck and Company, Inc., West Point, Pennsylvania.

A 1947 graduate of The Jefferson Medical College, Dr. Funk did postgraduate work at Bryn Mawr Hospital and Pennsylvania Hospital where he was Resident Physician in Cardiology and a Stroud Fellow in Cardiology until 1953.

Until January 1 of this year, Dr. Funk was a staff member of Wyeth Laboratories and Medical Director of Ives-Cameron Company, both divisions of American Home Products Corporation.

In addition to his duties with Merck Sharp & Dohme, Dr. Funk will continue to serve as Assistant in Medicine and Clinical Assistant to Out-Patients at Jefferson Medical College, Assistant Cardiologist to the Pennsylvania Hospital and on the courtesy staff of general medicine at Bryn Mawr Hospital.

He is a member of the Philadelphia County Medical Society, Pennsylvania Medical Society, American Medical Association, New York Academy of Sciences and the American Federation for Clinical Research.

1896

BENJAMIN L. GORDON, M.D., Breakers Hotel, Atlantic City, New Jersey, internationally known historian, has had his fifth book published. An 850 page volume, it is entitled "Medieval and Renaissance Medicine."

It is described by the publisher and hailed by literary critics as a book that "fills one of the blind spots in medical history." The Journal of the American Medical Association and the Journal of the International College of Surgeons have hailed it as a welcome edition to the history of healing. Dr. Gordon is a member of the American Medical Association, the New Jersey Medical Society and the Atlantic County Medical Society. He is a diplomate of the American Board of Ophthalmology, a member of the American Association of the History of Medicine, an honorary member of the American Academy of Jewish Research, and a fellow of the American Academy of Ophthalmology and Otolaryngology.

Among the books he has had published is an autobiography, "Between Two Worlds." In addition to writing five books, Dr. Gordon has written innumerable articles for medical publications.

1900

CHARLES J. STYBR, M.D., 865 Lockhart Street, Pittsburgh, Pennsylvania, writes that he and his wife recently took a delightful trip to Bermuda in the New Amsterdam of the Holland America Line, and that he hopes to attend his 60th Reunion in June.

1903

HENRY E. MILLER, M.D., Belleville, Pennsylvania. Dr. Hay, the new Agent for this Class, has received the following letter from Dr. Miller:

"I have a pretty vivid recollection of you as a classmate. Doctors Fleming, Whitehead, Robinson, Swan and I matriculated 1899 from Juniata College, Huntingdon, Pennsylvania at the same time. I am the only one living of that group. Have practiced my entire time in my home neighborhood of country people (God's People) and enjoyed it all. Ten or more years horse and buggy entirely. Have never learned the commercial trend in the practice of Medicine.

"The past ten years I have slowed down from year to year, and at present my health only permits me to do a very limited office work. Therefore, I am enclosing a small check just to show I have a warm spot in my heart for 'Jeff' and like to be remembered with those that remain of our 'Class.' 'Never claimed to have graduated, always continued to be a student. If you ever come my way just drop in and visit a genuine country G.P. that has bumped up against the raw edge of experience many times. The A.B.C. language now used by the recent graduates was not in common use in our college days."

1904

EMERY A. RUST, M.D., Webb, Iowa. Dr. Keagy, Class Agent, has received the following letter from Dr. Rust:

"I received your letter and was very sorry to hear that you are in the hospital at present. I do hope that it is nothing very serious. I had a session in the hospital four years ago with a coronary, which came on while hunting deer out in Wyoming. I spent three weeks in the hospital and about three months at home out of the office. Again this year on a fishing trip to Canada

after driving all night, I went into the ditch and injured my back, so I was back in the hospital for three weeks. My wife was also injured in the same accident, but we are okay now and I am working part of each day in the office and feeling good."

1906

JAMES BEEBE, SR., Lewes, Delaware. Early in December ground was broken for a new \$259,000.00 nurses' school and residence at the Beebe Hospital in Lewes, Delaware. Dr. Beebe lifted the first spadeful of earth at the ceremonies which mark a new era of growth and expansion for the 43-year-old hospital.

This hospital was begun in 1916 and in 1927 and 1937 additions to it were made, and a building fund which was launched last summer has reached the \$720,000.00 figure. When the remaining \$130,000.00 of the current \$850,000.00 campaign has been received construction will begin on a new hospital wing and modernization of existing facilities.

With Dr. Beebe at the ceremonies was his son, Dr. James Beebe, Jr., 'S-44.

(right) DR. JAMES BEEBE, pictured with his Son, DR. JAMES BEEBE, JR., at Ground Breaking Ceremonies.

1909

L. SAMUEL SICA, M.D., 15 Richey Place, Trenton, New Jersey. The staff of St. Francis Hospital gave a dinner and dance at the Trenton New Jersey Country Club in November to honor Dr. L. Samuel Sica on the 50th Anniversary of his medical practice. Dr. Sica is Chief of Surgery at St. Francis.

After having graduated from Jefferson in 1909, he served his internship at St. Francis Hospital and took post-graduate training at Harvard Medical College, the Post-Graduate Hospital of New York and in Vienna. Dr. Sica is a Diplomate of the American Board of Surgery, a Fellow of the American College of Surgeons, a member of the Board of Trustees of the New Jersey State Medical Society, and a delegate to the American Medical Association.

1912

LOUIS H. CLERF, M.D., 5575 Eighth Avenue, North, St. Petersburg 2, Florida, writes:

"I returned from the East Coast where I spent some time 'doing nothing and that now comes naturally.' Heard from Tom Mullen (San Francisco), now recovering from a cataract operation."

WALTER P. HARDEE, M.D., 123 West Main Street, Durham, North Carolina, writes:

"My recent activities include regular office hours — that I enjoy very much, since I have cut down on Surgery. I sleep better with no worry over tonsillectomy bleeding. Last year, my wife and I made a quick trip to England by air. She enjoyed a reunion with her two brothers. The three had not been together for some forty-five years. Since all of our children have married and flown the old nest, the two of us rattle around in the old house."

ENRIQUE G. MATTA, M.D., Hacienda "El Semil," Villaba, Puerto Rico, writes to his Class Agent, Dr. Kramer, as follows:

"I am sending you my check for \$200. First time I do so for that amount. I have always sent to our Agents \$100. I had been hard up all that time. This year, thanks to my coffee plantation and poultry farm, I am able to double the gift. You came in time and I am pleased to be able to greet you with an increase in my help to the College. "After having worked like a laborer in the Municipal Hospitals of this Island for 34 years, I struck out and settled here in this

mountainous region where I had bought a 538 acre coffee plantation and where it is cool, quiet, lovely and grand to live in peace and full soul satisfaction.

"I have been living this sweet life over 15 years since I came here. I am happy, healthy and full of pep yet, though I am running into my 76th year.

"I am planning to see you next year on the date when the 1960 Class graduates." Dr. Matta also sends best wishes to all his classmates.

JAMES R. ST. CLAIR, M.D., 256 20th Avenue, North East, St. Petersburg, Florida, writes to Dr. Kramer, Class Agent, as follows:

"As I have written your predecessors, I have been unable to practice since March of 1935. I have spent most of my time in St. Petersburg since then. We drove up to Pennsylvania last time in 1952. I flew to Pittsburgh on my way to Latrobe, Pennsylvania in late October to see my doctor brother, who had to give up his practice this fall after fifty-eight years of it. He will be celebrating his eighty-fourth birthday on January 2.

"I am sorry that I have been unable to contribute to the Alumni Fund, as I am sure I would have been doing so if I had been able to continue practicing. I am quite sure the money is needed, but I am also sure what the high cost of living has done to a more or less fixed and limited income such as mine over a twenty-four year period. We trust, however, the response will be good from the ones able to contribute. Best wishes to any classmate you see."

1913

JOHN B. FLICK, SR., M.D., 819 Black Rock Road, Gladwyne, Pennsylvania, a pioneer in chest surgery for tuberculosis, was given the Third Annual Award of the Philadelphia Tuberculosis and Health Association recently. The medallion was presented at a luncheon at the Bellevue-Stratford Hotel. Dr. Flick performed the first operation for removal of a lung in Philadelphia and the seventh such surgery in the world.

Dr. Flick is secretary treasurer of the American Board of Surgery and consulting surgeon to the Pennsylvania, Bryn Mawr and Valley Forge Army Hospitals. He served as a resident physician at White Haven Sanatorium, and as assistant professor of surgery and associate professor of surgery at this

College, and from 1931 through 1946 as assistant surgeon at Jefferson Hospital.

WILLIAM E. GROVE, M.D., 347 Lincoln Street, Johnstown, Pennsylvania, writes that he is well, active in surgical consultations and enjoying his grandchildren.

1916

WILLIAM T. PALCHANIS, M.D., 194 Longview Drive, Dublin, Ohio. Dr. Palchanis has been named full professor in the Department of Preventive Medicine at Ohio State University's College of Medicine. He will also direct the tuberculosis case-finding program on the campus. Following his graduation from Jefferson, Dr. Palchanis interned at St. Margaret Memorial Hospital in Pittsburgh and served as resident physician at Pittsburgh Tuberculosis Hospital.

He entered the military service in 1918 and took post-graduate work in lung and cardiovascular diseases at Camp Greenleaf School of Internal Medicine. He engaged in private practice in Columbus, Ohio until 1947 when he was appointed to the staff of Ohio State University Health Service. In 1956, he was appointed assistant director of that service and associate professor in the Department of Preventive Medicine.

1919

JAMES S. BREWER, M.D., P. O. Box 397, Roseboro, North Carolina.

In response to Class Agent Emanuel's request for news of his classmates, Dr. Brewer writes that medicine has been good to him through the years —

"For six years, 1938-44, I was a member of the North Carolina Board of Medical Examiners. From 1952-53, I was president of the Medical Society of the State of North Carolina. I have been a member of the North Carolina Medical Care Commission (the group that supervised the expenditure of \$125,000,000.00 for construction of a hospital in North Carolina under the Hill-Burton Hospital Building Program) for ten years. In 1956, I received from the University of North Carolina Medical School a Distinguished Service Award for distinguished service to medicine in North Carolina. In April, 1959, I received from Wake Forest College a certificate for distinguished service in the field of medicine in North Carolina.

"I have two children, one a daughter married with two lovely children, and I have one son now a sophomore student at Wake

Forest. He has not decided whether or not he will study medicine, but if he does, I would like him to go to Jeff if he can get in."

1920

Funds toward a scholarship in memory of her father, DR. THOMAS H. PRICE, Class of 1876, and her brother, DR. THOMAS H. PRICE, JR., Class of 1920, have been given by Mrs. Marjorie J. Moss through Dr. Price's classmate and friend, Dr. Martin J. Sokoloff.

CLARENCE M. SONNE, M.D., 117 East Walnut Street, Titusville, Pennsylvania, has recently been elected Mayor of Titusville, Pennsylvania, in an upset victory over his opponent, who was running for his fourth term. Dr. Sonne has been practicing in Titusville for thirty-six years.

1923

Because for some time, there has been a dearth of news from members of this Class, DR. WALTER J. LARKIN, newly appointed Class Agent, recently sent questionnaires to each of his Classmates and the following news items have been received as a result: GEORGE B. GERMAN, M.D., 15 West Walnut Avenue, Merchantville, New Jersey, writes that he is still active head of his group at Cooper Hospital.

HERMAN H. HOSTETTER, M.D., Hershey, Pennsylvania. Dr. Hostetter writes that he is Medical Director of the Milton Hershey School and is connected with the Hershey Hospital. He has one married daughter and one son, who is a senior at Jefferson.

Dr. and Mrs. Hostetter took the Seminar Cruise which was sponsored by Jefferson and enjoyed it so much that they wish another would be planned. In sending his contribution to the Annual Giving Fund, Dr. Hostetter said, "Have given a contribution every year which I think every Alumni should do. We are just paying a little part of what we owe Jefferson."

WALTER J. LARKIN, M.D., 310 Medical Arts Building, Scranton 3, Pennsylvania, writes that he is a member of the "Dixie Docs" band (banjo and guitar), which is booked for engagements in Miami, Dallas, and many out-of-town engagements.

Dr. and Mrs. Larkin have one daughter and two sons.

EDWARD LBOVITZ, M.D., 617 Jenkins Building, Pittsburgh, Pennsylvania. Dr. Lebovitz is presently specializing in Internal Medicine and Diseases of the Chest and is affiliated with Montefiore Passavant Tuberculosis League, Woodville State Hospital in the Pittsburgh area, and is a Tubercu-

losis Consultant at the Regional Office of the Veterans Administration in Pittsburgh.

He has two sons, one of whom, Dr. Jerome Lebovitz, who was graduated from Jefferson in 1952, is now associated with him. He also has three grandchildren. Dr. Lebovitz says that he spends a good part of his winter in Miami Beach.

HOMER L. NELMS, M.D., 399 State Street, Albany, New York, writes that he has been retired from practice for eight years due to hypertensive cardiovascular disease, but is still able to get around. He mentioned having had a Christmas card from DR. EDWARD B. PEDLOW, who is still in Lima, Ohio and apparently semi-retired from active surgical practice.

ULRICH D. RUMBAUGH, M.D., 540 Ford Avenue Kingston, Pennsylvania, writes that he was Chief of Physical Medicine at Wilkes-Barre General Hospital until his retirement.

Dr. Rumbaugh became a member of the American Board of Physical Medicine & Rehabilitation in 1949.

MYER W. RUBENSTEIN, 3500 Fifth Avenue, Pittsburgh, Pennsylvania, writes that he is Associate Professor of Dermatology at the University of Pittsburgh.

Dr. Rubenstein has one son, who is a junior medical student at the University of Pennsylvania, a daughter, a son-in-law, who is a Fellow in ENT at Mayo Clinic, and a granddaughter, who is ten months old.

1924

HAROLD R. WARNER, Kulpville, Pennsylvania, with his wife, their two married daughters, husbands and four children, had a gala vacation in Honolulu this summer. Dr. Warner has been practicing in Kulpville for 34 years.

1925

SAMUEL BELLET, M.D., 2021 Spruce Street, Philadelphia 3, Pennsylvania, together with an associate, have been awarded \$37,400 by the Department of Health, Education and Welfare, United States Public Health Service for a three-year research program, it was recently announced by the Executive Director of Philadelphia General Hospital.

1926

NORMAN H. GEMMILL, M.D., Stewartstown, Pennsylvania. In his letter to Dr. McDermott, Dr. Gemmill writes: "I am happy to report that Reginald has been working with me now for over a year, and it has taken quite a load off my shoulders,

since he takes the night calls and most of the O.B. work."

1927

FRANK L. BRYANT, M.D., 4421 Creswell Road, Shreveport, Louisiana, recently completed his term as Chief of Staff of the Willis-Knighton Memorial Hospital in Shreveport.

Dr. Bryant also presented a paper on "The Management of Facial Fractures" at the Southern Sectional Meeting of the American Laryngological, Rhinological and Otolological Society at New Orleans. He also is presenting a paper on "Management of Sinusitis in Children" at the Louisiana State Meeting in Baton Rouge in May.

1928

The following officers have been elected for this Class to serve through its 35th Reunion in 1963: President, ROBERT A. MATTHEWS, M.D.; Vice-President, I. HNELESKI, M.D.; Secretary, WILLIAM TOURISH, M.D.; Treasurer, JOSEPH TIRACCHIA, M.D.; Editor-in-Chief of 35th Year Book, HENRY A. DAVIDSON, M.D.

WILLIAM M. CASON, M.D., 6566 Glenridge Drive, Atlanta 19, Georgia, writes to Dr. Elmer J. Elias, Class Agent:

"You wrote me about a reunion with our old friend En Shui Tai last summer, and of meeting four of his children who are in the United States now. I did not have the pleasure of seeing any of them, but my son 'Bill' is in the Navy in Pacific Waters. He expects to be in Hong Kong about the 5th or 8th of February. He has contacted Shui who has invited our Bill to visit him in Hong Kong. I received a nice letter from Shui last week telling me that he was expecting Bill and how delighted he would be to have a visit from a son of mine.

"I have taken up banking as a hobby. Sandy Springs is a residential suburb of Atlanta. We have a fine community. Ruth and I would be delighted to have you or any of our classmates visit us whenever down Atlanta way.

"My two older children are married, Jane lives in Richmond, Virginia, and Charles lives in Macon, Georgia. They each have three children. Our baby boy, Bill, is not married. My motto is 'I am the happiest man in the world' and I believe it is true."

CARL G. KAPP, M.D., 440 Westminster Avenue, Elizabeth 3, New Jersey, in writing to Dr. Elmer J. Elias, Class Agent, says:

"Many thanks for your kind and newsy letter of October 19. It showed fine

spirit of you to take time out and give us the lowdown on the individual class members. I sincerely appreciate it and seem to look forward to your letter each year. Enclosed is the check for the Jefferson Alumni Giving Fund."

WILLIAM THOMAS LAMPE, M.D., 4207 Tyson Street, Philadelphia 35, Pennsylvania, was elected First Vice-President of the Pennsylvania Medical Society during its recent meeting.

1929

DONALD L. KEGARIES, M.D., Dawley-Kegaries Clinic, Box 1832, 615 Kansas City Street, Rapid City, South Dakota. Dr. Castallo, Class Agent, has received a most interesting letter from Dr. Kegaries, portions of which are quoted below:

"I still take quite an interest in the South Dakota Heart Association and am a member of the Board of Directors at the present time. A year ago, I was appointed Governor for South Dakota in the American College of Physicians, which makes it necessary now for me to attend every meeting instead of just as I felt able before. However, it is quite an experience to meet all the Governors from the other states and it is very broadening to me, living out here in the wilds of South Dakota.

"My daughter, Connie, will graduate in June from the University of South Dakota in Sociology, but I fear that she will get married right soon, so I don't know if she will do any work as a Social Worker or not. My younger daughter, Sally, graduates from High School this Spring and wants to go to the University of Arizona at Tucson next year. David, who is now fourteen, is very much interested in Science but has not expressed the desire as yet as to whether he would like to be a doctor. Certainly, if he wishes to take up medicine, I would like him to come to Jefferson. David and I had a lot of fun this Fall, hunting, and the pheasant shooting in Eastern South Dakota was very very good. We were also out deer hunting together, and although David did not shoot a deer, I was lucky in bringing down a three-point, white-tail with one shot. We still go on trail rides together, and this Summer, we were out twice, once with the Rushmore Trail Riders and another trip with the Black Trail Riders. This is lots of fun and we see some very beautiful scenery, which we would not see going by car or afoot. "If you ever get out this way, I certainly hope that you will stop in Rapid City and spend some time with us."

GEORGE R. STAMPS, M.D., 300 E. Verona Avenue, Pleasantville, New Jersey, was recently named surgical director of Atlantic City Hospital.

Dr. Stamps interned and was chief resident at the Atlantic City Hospital and was appointed to its surgical staff in 1931. During World War II, he served as a major in the Army Medical Corps and was head of the surgical department of a 250-bed hospital in Iceland.

He is a member of the Rotary Club, on the executive board of the Atlantic Area Boy Scout Council and a past chairman of its Mainland District.

Dr. and Mrs. Stamps have four children, three boys and a girl.

1930

CHARLES W. LETCHER, M.D., 317 First National Bank Building, Miami, Oklahoma, has been selected Rear Admiral, Medical Corps, United States Naval Reserve. Dr. Letcher will continue to practice medicine and raise prize Herefords at Miami, Oklahoma.

1931

THOMAS K. RATHMELL, M.D., Laurel Lane & Stockton Drive, Yardley, Pennsylvania, was guest speaker at a luncheon of the Trenton Civitan Club at its meeting in November. The subject of his talk was "The Doctor's Doctor." Dr. Rathmell is pathologist at Mercer Hospital in Trenton, New Jersey, and is also assistant professor of pathology at Hahnemann Medical College. He is chairman of the Scientific Exhibit Committee of the New Jersey Medical Society and chairman of the Blood Bank Committee of the Mercer County Medical Society. Dr. Rathmell is a fellow of the American Society of Clinical Pathologists and a member of the College of American Pathologists and the International Academy of Pathologists.

1933

LESTER R. EDDY, M.D., 40 Bank Street, Sussex, New Jersey. In sending his Annual Giving Fund contribution to Dr. Semisch, Dr. Eddy commented that although it has been a long time since student days, he and his wife recall them vividly now, since their son, Dick, is in his third year at Jefferson.

ANTHONY RUPPERSBERG, JR., M.D., 500 South Drexel Avenue, Columbus, Ohio. Dr. Ruppertsberg addressed a Seminar sponsored by the Division of Maternal and Child Health, West Virginia State Department of Health at St. Mary's Hospital

School of Nursing at Clarksburg recently. Dr. Ruppertsberg is Chairman of the Committee on Maternal Health of the Ohio State Medical Association, and his subject was "Obstetrical Aspects of Prematurity."

All Ohio Alumni are grateful to Dr. Ruppertsberg for his JEFF BRIEFS, which is a newsletter that goes several times a year to Jefferson graduates in that State. The newsletter which was sent in November of 1959 was the 37th such issue which Dr. Ruppertsberg has been preparing and mailing at his own expense for ten consecutive years.

1934

HUGH G. GRADY, M.D., 583 Prospect, Maplewood, New Jersey. The Board of Trustees of the Seton Hall College of Medicine have appointed Dr. Hugh G. Grady as Acting Dean, it has been announced by Rt. Rev. Msgr. John J. Dougherty, Secretary Treasurer of the Board. Dr. Charles L. Brown, who has been Dean since the inauguration of the College in 1956, died December 4.

Dr. Grady has been associated with Seton Hall since 1957 when he was appointed a professor and Director of the Department of Pathology. Prior to this he had been Scientific Director of the American Registry of Pathology of the Armed Forces Institute.

A native of Philadelphia, he is a graduate of St. Joseph's College and received his medical degree from Jefferson Medical College in 1934. For the period of 1936 and 1937 he was resident pathologist at Philadelphia General Hospital and a member of the Jefferson Medical College faculty.

During 1938 he was a research fellow for the National Cancer Institute at Harvard University and from 1939 until 1942, he held a fellowship at the National Cancer Institute in Bethesda, Maryland. He entered the Army in 1942 and following his discharge in 1946 as Lt. Colonel, he rejoined the faculty of Jefferson Medical College for two years.

He joined the Armed Forces Institute in 1948, serving as Chief of the Division of Pathology from 1954 to 1955. Dr. Grady is a member of the American Association of Pathologists and Bacteriologists, the International Academy of Pathology, the American Association of Cancer Research and the American Society of Experimental Pathology.

1935

MILTON EISENBERG, M.D., 2337 West Lehigh Avenue, Philadelphia 32, Pennsylvania, writes that he is recovering from

an acute coronary attack but is looking forward to attending the 25th Reunion of his Class.

1936

J. EDWARD BERK, 6767 West Outer Drive, Detroit 35, Michigan, has been given the Distinguished Health Award of the Michigan State Medical Society. Dr. Berk served as President of the American Gastroscopic Society for 1958-59 and is presently Vice-President of the Detroit Gastroenterological Society.

1937

JOHN R. EWAN, M.D., 1835 Eye Street, N.W., Washington 6, D. C., writes that he has left the partnership he was in and is now enjoying solo practice.

1939

JOSEPH A. MIRA, M.D., 526 Church Street, West Chester, Pennsylvania, was recently installed as President of the Chester County Medical Society.

Dr. Mira, who is an Ophthalmologist, serves on the medical-surgical staff of Wills Eye Hospital and West Chester's Chester County Hospital. He is a member of the executive committee of the Chester County unit, American Cancer Society.

E. LLOYD WATKINS, M.D., 8815 Germantown Avenue, Philadelphia 18, Pennsylvania.

Chestnut Hill Hospital recently elected Dr. Watkins as Director of obstetrics-gynecologic services.

1941

JOHN J. GILL, M.D., 69 West Union Street, Wilkes-Barre, Pennsylvania, recently addressed the Mendel Science Club of College Misericordia in Wilkes-Barre on "Radioactive Isotopes." Dr. Gill, who took his work in radiology at New York Medical Center, is radiologist of Mercy Hospital in Wilkes-Barre.

THOMAS K. HEPLER, M.D., has been appointed to the newly-created positions of pathologist and laboratory director of Jennie Stuart Hospital, Hopkinsville, Kentucky.

Dr. Hepler, who has been Director of Laboratories at Geisinger Memorial Hospital, Danville, Pennsylvania, will serve at Jennie Stuart in a part-time capacity. The balance of his time will be spent in a similar capacity at Clarksville Memorial Hospital, Clarksville, Kentucky.

From 1950 to 1955, Dr. Hepler was associate in pathology at Geisinger and from 1955 until his recent appointment he was

Director of Laboratories. Dr. Hepler is certified by the American Board of Pathology in clinical pathology and pathologic anatomy.

Dr. and Mrs. Hepler and their two children, Thomas Jr., 12, and Lynn, 7, will reside in Clarksville.

ANDER M. MUMFORD, M.D., 2104 Pershing Street, Durham, North Carolina, has begun a three year residency in Otolaryngology at Duke University in Durham, North Carolina, after thirteen years of general practice.

1943

LEWIS A. HOFFMAN, JR., M.D., 619 East Main Street, Lykens, Pennsylvania, with his check for the Alumni Fund, sent a note to Dr. Lang, Class Agent, saying that he had quite a nice visit with Ted Berry when he attended the Harrisburg Academy of Medicine Meeting in December.

WALTER A. PAYNE, M.D., 357 Hilcrest, Detroit, Michigan, writes that he is specializing in Internal Medicine and is associated with the Ford Hospital in Detroit, Michigan. He and his wife have two sons.

1945

HERBERT UNTERBERGER, M.D., 51-2 Revere Road, Drexel Hill, Pennsylvania, was recently appointed Chief of Internal Medicine at the Haverford Hospital, Havertown, Pennsylvania. Dr. Unterberger, who will serve as a consultant in this specialty, has also had special training in Cardiovascular Diseases.

He is Clinical Assistant Professor of Medicine at the Woman's Medical College, Philadelphia; he is an attending Gastro-enterologist to the Philadelphia Veteran's Hospital and has several other hospital affiliations.

Dr. Unterberger is a certified Diplomate of the American Board of Internal Medicine, and is a member of the American Heart Association, the Philadelphia County Medical Society, the Pennsylvania Medical Society, the American Society of Internal Medicine, and the American Medical Association.

RAYMOND C. GRANDON, M.D., 131 State Street, Harrisburg, Pennsylvania, has been elected president of the Harrisburg Academy of Medicine. After his graduation from Jefferson, Dr. Grandon interned at St. Luke's Hospital in Bethlehem and took his residency at Harrisburg Hospital. Since that time, he has been practicing in Harrisburg and has served as vice president of the Medical Bureau of that city, vice chairman of the Council on Scientific Advancement of the Pennsylvania Medical Society,

and secretary-treasurer of the Dauphin County Medical Society. He is also secretary-treasurer of the South Central Pennsylvania Chapter of the Jefferson Alumni Association. Dr. Grandon is a member of the Harrisburg Hospital medical staff and serves as its under-graduate medical education director.

1946

HAROLD ISAACSON, M.D., 7348 Drexel Road, Philadelphia 31, Pennsylvania, was recently appointed as a Chief in the Department of Obstetrics and Gynecology of the Haverford Hospital, Havertown, Pennsylvania.

Dr. Isaacson is certified by the American Board of Obstetrics and Gynecology. He is a member of the American College of Obstetricians and Gynecologists, College of Physicians of Philadelphia, The Obstetrical Society of Philadelphia, The Philadelphia County Medical Society and the American Society for the Study of Sterility.

FORREST E. LUMPKIN, JR., M.D., 8215 Westchester, Dallas, Texas, writes:

"I am going skiing again in February. A group of us are going back to Aspen, Colorado. Last year I did not get to go because my father became seriously ill and passed away at the time the group went. "M. O. Lewis was in Dallas in December for the Clinical Session of the A.M.A. We had lunch together and enjoyed exchanging news.

"I was in Atlantic City in September for the American College of Surgeons Meeting, but I was not in Philadelphia except the night my plane landed there. Perhaps I will get up next year for our 15th reunion."

JOHN H. PETRE, JR., M.D., 1256 West 10th Street, Erie, Pennsylvania.

Dr. Mackell, Class Agent, has received the following letter from Dr. Petre:

"Just seven months to go as senior urology resident at Hamot Hospital — then I hope I can increase this contribution to the Alumni Fund. I have enjoyed working in surgery and urology these past three and a half years. We have a busy service with chance of very much experience. Thank goodness we now have two junior residents to share the load."

1947

JOSEPH N. ACETO, M.D., 8 Romney Road, Wheeling, West Virginia, writes that in July of 1959, he completed his residency in Radiology at the Cleveland Clinic and is now a Diplomate of the American Board of Radiology and is holder of the Medallion

in Nuclear Medicine. He is also an associate in the Department of Radiology of the Ohio Valley General Hospital in Wheeling, West Virginia.

Dr. and Mrs. Aceto are the parents of three daughters and a new son.

1948

DONALD G. BIRRELL, M.D., 425 11th Street, Oakmont, Pennsylvania, writes that he has recently been certified by the American Board of Obstetrics and Gynecology.

HARRY A. REINHART, M.D., 1108 Landis Avenue, Vineland, New Jersey. Dr. Reinhart writes that he is still in private practice in Vineland and is serving as Radiologist at Millville Hospital. Dr. and Mrs. Reinhart have five children.

1949

MATTHEW E. JOHNSON, M.D., c/o I.P.M., Private Bag, Thika, Kenya Colony—East Africa, sent the following letter to his classmates:

"Many thanks to you all for your kindness, in remembering us and for your gift to help support this work. We are located out in the bush about 125 miles from Nairobi, operating an out-patient clinic daily, running a 30-bed hospital, and making medical safaris out into the bush. I am doing the work of a general practitioner, and my chief competition is from the local witch doctors. I sometimes receive what they failed to cure, and sometimes I am told to effect a cure, or 'we will go to the witch doctor!'

As you may guess there are many who merely regard me as another witch with 'ndaowa ya vinya' strong medicine. However, there are a few who realize we are serving Our God and His Son when we offer these medical services to a primitive and backward people.

"If any of you ever get the bug for big game hunting in East Africa, please remember us and stop over for a bit of tea and biscuits.

"Again many thanks to you all."

GEORGE A. WINCH, M.D., asks that the Bulletin publish his home address, which is 60 San Andreas Way, San Francisco 27, California, so that any of his classmates may stop in when visiting San Francisco.

1950

FRANK E. BROWN, JR., M.D., 403 Valley Forge Road, Phoenixville, Pennsylvania.

Dr. Brown served his internship and residency at the Uniontown Hospital in Uniontown, Pennsylvania, and did general practice in Uniontown for three and a half years. After completing a residency in Pediatrics at Children's Hospital and University

Medical Center in Pittsburgh, he opened his practice in Phoenixville and is on the staff of the Phoenixville Hospital.

ARIS M. SOPHOCLES, M.D., 4469 South Broad Street, Yardville, New Jersey, addressed the Trenton, New Jersey, Lions Club on "Hearing Problems." Dr. Sophocles, who is on the staff of Mercer Hospital, also serves on the teaching staff of the University of Pennsylvania and as consultant at the Trenton State Hospital and the New Jersey Neuro-Psychiatric Institute.

1951

JAMES B. COX, M.D., Blount Professional Building, Blount Avenue, Knoxville, Tennessee, was certified by the American Board of Plastic Surgery last year.

HERBERT C. DODGE, M.D., 458 Foster Drive, Springfield, Pennsylvania, is head of the Department of Anesthesia at the Holy Redeemer Hospital in Meadowbrook, Pennsylvania.

JOHN S. HICKEY, M.D., 3358 Disston Street, Philadelphia 24, Pennsylvania, has been Director of the Department of General Practice at Nazareth Hospital for the past year.

JOHN C. MAERZ, M.D., Oaks, Pennsylvania. Dr. Maerz, with two other physicians from Oaks, presented a scientific exhibit dealing with the treatment of anxiety and depressive reactions, especially in industry. The exhibit was shown at the clinical meeting of the American Medical Association in Dallas, Texas, last December, and the study which had been made in local industries aroused considerable interest and favorable comment. Dr. Maerz has been practicing in Oaks since 1952.

DAVID J. REINHARDT, III, M.D., 1600 North Broom Street, Wilmington 6, Delaware, was recently certified by the American Board of Internal Medicine.

1952

GRADY F. DUKE, M.D., 654 Brook Street, Griffin, Georgia. On December 1, 1959, Dr. Duke opened his office for the practice of general surgery at 232 West Taylor Street, Griffin, Georgia. He is associated with another surgeon and a specialist in obstetrics and gynecology.

JOSEPH HODGE, M.D., Hodge Clinic, 3 Catauba Street, Spartanburg, South Carolina, writes that he is practicing general, thoracic and cardiovascular surgery at the Hodge Clinic in Spartanburg.

1953

GERHARD H. FROMM, M.D., Hebelstrasse 27, Freiburg, Germany, is presently working in the Neuro-physiology Department of

the University of Freiburg on a one year scholarship from the National Institutes of Health.

1954

ROBERT G. BUCHER, M.D., Main & Railroad Avenues, Wycombe, Pennsylvania, was guest speaker at the medicine and health seminar of Council Rock (Pennsylvania) High School.

Dr. Bucher has been doing General Practice in Wycombe during the past four years.

BILLIE H. PUTNAM, M.D., writes that he and his family recently moved from Eupora, Mississippi, to a new home at 210 Valley Vista Drive, Jackson, Mississippi, where he is presently in a two year residency in Anesthesiology at the University Medical Center. He says he would enjoy hearing from his classmates.

EDWARD A. RENQUEST, 1428 Prospect Place, Ocean City, New Jersey, has just opened an office at 804 Wesley Avenue in Ocean City and will engage in obstetrical and pediatric care, as well as general practice.

1955

DONALD E. POTTS, M.D., 437 Torwood Lane, Pittsburgh, Pennsylvania, is in general practice in the South Hills area of Pittsburgh and had the unique record of delivering 123 male infants before the first female arrived.

True to form, Dr. and Mrs. Potts are the parents of three sons.

JOHN A. MCCARTHY, M.D., Fort Lauderdale, Florida, is in the practice of Ophthalmology in Fort Lauderdale.

1956

OWEN A. CHANG, M.D., 2190 Riverton Road, Riverton, New Jersey, has completed his tour of duty with the United States Navy and returned to private practice in Cinnaminson, New Jersey.

1959

RONALD J. CENTRONE, M.D., Thomas M. Fitzgerald Mercy Hospital, Darby, Pennsylvania, has been given a fellowship in Neurosurgery to Mayo Foundation, University of Minnesota Graduate School, Rochester, Minnesota.

SANDY A. FUREY, M.D., Lankenau Hospital, Philadelphia 31, Pennsylvania. A prize in the amount of \$100 was recently awarded to Dr. Furey by the Physicians' Review Board of Philadelphia Blue Cross for a case record which he had prepared. The contest was established to encourage improved hospital medical records.

ENGAGEMENTS AND WEDDINGS

1926

MR. JOHN TRIMBLE EADS, JR., son of DR. and MRS. JOHN T. EADS of Philadelphia, was married on November 7, 1959 to Miss Veronica D. Spragg of Willow Grove, Pennsylvania.

1951

The engagement of DR. PETER CHODOFF, 1822 Rittenhouse Square, Philadelphia 3, Pennsylvania, to Dr. Lois E. Leonard of Chester, Pennsylvania, was recently announced.

Dr. Leonard is a graduate of Ursinus College and Hahnemann Medical College.

1955

DR. JOHN A. NAGLE, 9 Randall Avenue, Stamford, Connecticut, recently became engaged to Miss Elenore Fetterolf of Troxleville, Pennsylvania.

Miss Fetterolf is a graduate of Beaver Vocational High School and The Jefferson Medical College Hospital School of Nursing. She is on the nursing staff of Mercy Hospital, Denver, Colorado.

Dr. Nagle completed residency training at the Cornell University Medical Center and Jefferson Hospital. He is presently serving with the United States Army at Fitzsimons Army Hospital in Denver, where he is Chief of the Radioisotope Clinic and Laboratory.

A June wedding is planned.

1958

The engagement of DR. CHARLES J. KALLICK, 5905 Warrington Avenue, Philadelphia 43, Pennsylvania, to Miss Bena Ostroff of Oaklyn, New Jersey, was recently announced.

Dr. Kailick is presently serving a residency in psychiatry at the Philadelphia Psychiatric Hospital.

1959

DR. BLAIR L. RYDER was married on December 19, 1959 to the former Miss Carin Heurgren.

Mrs. Ryder, a native of Bromma, Sweden, is a graduate of Bromma Kom Girls School in Stockholm.

DR. DAVID T. BEAUCHAMP was recently married to the former Miss Nancy Margaret Gill.

Mrs. Beauchamp is an alumna of the Convent of the Holy Child, Suffern, New York, and Rosemont College.

After a wedding trip to Nassau, the Bahamas, the couple will live in West Hartford, Connecticut, where Dr. Beauchamp is serving his internship at the Hartford Hospital.

BIRTHS

1947

DR. AND MRS. GEORGE J. GENSEMER, 311 Miami Avenue, Bellefontaine, Ohio, announce the birth of their fourth child and second daughter, Gretchen Ivy, on January 11, 1960.

Dr. Gensemer is practicing surgery in Bellefontaine.

1952

DR. AND MRS. JEROME J. BERNER, 23200 Gay Avenue, Euclid 23, Ohio, announce the birth of a son, Keith David, on December 23, 1959.

The Berners also have another son, Seth Howard, who is three years old.

Dr. Berner writes that he will be completing his residency in Pathology at the Cleveland Clinic this June.

1953

DR. AND MRS. WILLIAM M. PERRIGE, 525 East 5th Street, Bloomsburg, Pennsylvania, announce the birth of their fourth child and second daughter, Nancy Hamilton, at Jefferson Hospital on December 12, 1959.

Dr. Perrige recently opened an office at Bloomsburg for the practice of General and Thoracic Surgery.

1954

DR. AND MRS. JOSEPH C. PHIFER, 201 S. Main, Eureka, Illinois, announce the birth of their first son, William Frank, on January 19, 1960.

The Phifers also have two daughters, Susan Carol, 4, and Janet Lynn, 1.

1955

DR. AND MRS. ROBERT CAPPER announce the birth of a son, Gregg Andrew, on January 9, 1960.

Dr. Capper is presently serving a residency at the Philadelphia Psychiatric Hospital, Ford and Monument Roads, Philadelphia 31.

DR. AND MRS. JOHN N. SOURBEER, 1501 Valencia Street, Clearwater, Florida, announce the birth of their fourth child, Jay Charles, on November 10, 1959.

1957

DR. AND MRS. WILLIAM THOMAS LAMPE, II, 217 N. 2nd Avenue, Maywood, Illinois, announce the birth of a daughter, Eileen, on October 26, 1959.

Dr. Lampe is a second year medical resident at the Veterans Administration Hospital, Hines, Illinois.

1958

DR. AND MRS. GARLAND R. BROWN, 151 Textile Road, Ann Arbor, Michigan, announce the birth of a daughter, Karen Rene, on December 6, 1959.

DR. AND MRS. DAVID J. JONES, III, 84 Iroquois Drive, Warwick, Rhode Island, announce the birth of their first child, a daughter, Sharon Lynn, on November 20, 1959.

Dr. Jones is presently on a two-year tour of duty with the United States Public Health Service, assigned to the Heart Disease Control Program in Providence, Rhode Island.
